University of Nebraska-Kearney  
M. Ed. School Counseling  
Heritage University  
Middle and High School  
Counselor

*I know and understand that being Native American comes with significant responsibility with honoring your family, elders, tribe, and ancestors. So my life decisions and how I conduct myself at work are always honoring my culture. I define success as being happy and proud in all aspects of my life. Knowing that I did the very best with the gifts and abilities that I was given for my purpose in the life I was given.*
