Statement regarding the Elementary and Secondary Education Act of 1965 (ESEA) as amended by the Every Student Succeeds Act (ESSA) Financial Transparency Requirement:

The Elementary and Secondary Education Act of 1965 (ESEA) as amended by the Every Student Succeeds Act (ESSA) requires states to annually report their per-pupil expenditures including actual personnel and non-personnel expenditures, disaggregated by source of funds, for each LEA and each school in the state for the preceding fiscal year. Consistent with section 4(b) of the ESSA, which authorizes the USDE to ensure an orderly transition to the new law, an SEA and its LEAs may delay, until the 2018-2019 school year, reporting information on per pupil expenditures of Federal, State, and local funds on annual report cards as required in ESSA. The Montana Office of Public Instruction has elected to delay reporting per-pupil expenditures in this manner until the 2018-2019 school year to assure timely, accurate and consistent reporting among all LEAs and each school.
