

Making Montana Proud

Mariah Gladstone, 24
Blackfeet & Cherokee
Glacier High School
B.S. Environmental Engineering
Columbia University
Founder of Indigikitchen,
Culinary Artist

Getting my education allowed me to see where many of the problems originate which then gave me the ability to see how we can overcome them. Blackfeet values have guided me through much of my life. As Pikuni, we learn to put our community in front of self; our strength comes from our symbiotic relationships. I have not succeeded in spite of my Indigenous identity, I have succeeded BECAUSE of it.
