

Off-Road Recovery

When you leave roadway:

- Remove foot from throttle
- Avoid braking
- Steering Input 1/8 – 1/4 turn (approx)
- Turn wheels enough so tread impacts pavement edge
- Counter steer when the last front tire impacts pavement edge

Leading Cause of Single-Vehicle Crashes

- Vehicle drops off edge
- Driver Panics
- Over- or under-corrects
- Crosses roadway and crashes head-on or rolls
