

HEROES On Duty!

“Helping Your Student Achieve Academic Success!”

Every student needs a HERO!! When we connect to our students and show them the way they follow our lead! This empowering workshop will show educators how to teach their students to set academic goals for achieving the grades they want and keep their eye toward their future college and career goals. Attendees will be able to help students create an action plan for their academic success, identify countless resources that can help them achieve their goals and implement the time management skills needed to make their goals a reality!!

Attendees will learn:

- The FINE ART of creating connections with students in 30 Seconds or less!
- Interactive Get to Know You Activities that build relationships that become the foundation of your students wanting to be on your team when it comes to learning and leading others!
- HERO On Duty Principles: For Academic, Extra Curricular and Leadership Achievement

Honesty – How to be honest with yourself and others and go for your goals and dreams!

Empathy – How to think about others and let your goals be driven by the pursuit of service to others!

Responsibility – How to take ownership for your actions and do your best every day!

Optimism – Your dreams can and will come true when you believe in yourself

WORKSHOP INCLUDES A HERO ON DUTY - Handout
