

School Safety Transfers Guidance

MCA 20-9-236 allows school districts to transfer state or local revenue from any budgeted or non-budgeted fund, other than the Debt Service Fund or Retirement Fund, to the Building Reserve Fund. The amount transferred may not exceed the school district's estimated costs of improvements to school safety and security as follows:

- planning for improvements to school safety including but not limited to the cost of services provided by architects, engineers, and other consultants;
 - installing or updating locking mechanisms and ingress and egress systems at public school access points;
 - installing or updating bullet-resistant windows and barriers, and;
 - installing or updating emergency response systems using contemporary technologies.
- The transfers are not to be applied against the budget authority of the originating fund
 - The Building Reserve Fund is NOT exempt from the budget authority rules. A Building Reserve Fund budget amendment may be needed.
 - If transfers are made from budgeted funds, the district may not increase its non-voted levy to restore the transferred funds.
 - Funds must be expended within two full fiscal years of the transfer.
 - Any unspent funds after the expiration period must be transferred back to the originating fund.
