

## Share Your Successes at the 2019 Best Practice Summer Institute Expo!!

### Goal:

The purpose of the Summer Institute Best Practices Expo is to celebrate and share successful school programs and student support programs. Recognition of the schools having success using a Multi-Tiered program is a central part of this conference activity.

### SUBMISSIONS ARE NOW BEING ACCEPTED!

- Participation earns your school one free individual registration to the Summer Institute!
  - Your participation in the Best Practice Expo enters your school for prizes!

### Format:

A table will be provided for each presentation. If requested in advance, power will be available for you to run your laptop or LCD, however, please note that **power is limited**, and audio presentations will be **difficult to hear** due to the number of people in the room as well as the music that will be playing from our musical guest. Please plan to have at least one presenter available for the duration of the Expo. Handouts are not required; however, they are the responsibility of the presenter if needed. The session will be held in the Student Union Building (SUB) Ballroom A. Our hope is to keep this simple, fun, and informative while showcasing your school or organization and its accomplishments.

### Submissions:

Please complete an [application](#), by clicking this link, with a brief description of topic and content. We intend to accept as many expo presentations as space permits. Submissions received after the deadline will be reviewed for acceptance if space is available. Accepted expo presenters will be notified via email. The registration fee will be waived for **one** person from your school to honor your participation in the Best Practice and Recognition Expo. Please include the **name and confirmation number** on the application (this person must register on the Summer Institution registration website for the fee to be waived).

- **Proposal Submission Deadline: Friday May 24, 2019**
