

**JO**

**BOALER**

TUESDAY KEYNOTE:

***Limitless Learning: Learn, Lead, and Live without Barriers***

Dr. Jo Boaler is a Stanford Professor. Former roles have included being a maths teacher in London schools. She is author of 18 books, numerous articles and a White House presenter on women and girls. Her latest book is: *Math-ish: Finding Creativity, Diversity and Meaning in Mathematics*. She co-founded [www.youcubed.org](http://www.youcubed.org), was one of the writing team for the 2023 California Mathematics Framework, and is co-leading a K-12 Data Science Initiative. She was named as one of the 8 educators “changing the face of education” by the BBC.

Afternoon Workshop with Cathy Williams, Stanford:

***Teaching & Learning Multidimensional Mathematics***
