
AIM Quick Reference Guide:

Fall Career and Technical Education

This guide explains how to enter the Post-Graduation Status and Date Contacted for 16-17 CTE Concentrators who were identified as CTE in the spring.

Topics included in this Quick Reference Guide include:

- *Enter Post Graduation Status and Date Contacted*
- *Running a report of CTE Concentrators*
- *CTE Q&A*

Other Useful Information:

[Appendix M: Areas of Concentration](#)

[Appendix O: Post Graduate Status](#)

The Fall Career and Technical Education (CTE) Data Collection is a follow-up to the Spring CTE Collection. Students identified as CTE Concentrators who graduated in 16-17 must be contacted between October 1 and December 31, 2017, to identify their current status 6 months after high school graduation.

This data is due in AIM **by December 31, 2017.**

Before beginning this process, there are a few considerations:

1. Which students do I need to enter data for?

- Enter the current Post Graduation Status and Date Contacted for each student identified as a CTE Concentrator in school year 16-17.
- Students are identified as CTE Concentrators in the spring of their senior year. Carl Perkins Grant requirements mandate a follow-up between October 1 and December 31 of the following school year.

2. When am I required to contact students?

- Student must be contacted between October 1 and December 31, 2017.

3. What if I am unable to reach a student?

- Certain individuals with knowledge of the student may be able to help identify a student's post-graduation status. *page 7*

4. I heard through the grapevine that a student was... Can I use this information?

- Information from 3rd party sources may be used if they have first-hand knowledge of the student's current status. *page 7*

Note: See pages 7-9 for Frequently Asked Questions & Answers, as well as the lists of codes.

ENTERING CTE CONCENTRATOR FOLLOW-UP INFORMATION

Follow-up data must be entered for each 12 grader who was marked as a CTE Concentrator in the spring of their senior year.

Data can be entered via Direct Entry or by File Upload.

NOTE: Any additions, corrections, or changes to the list of CTE Concentrators for 16-17 must be entered no later than November 15, 2017, to be accurately reflected in the federal reporting and used to compute Perkins Performance Indicators for your school.

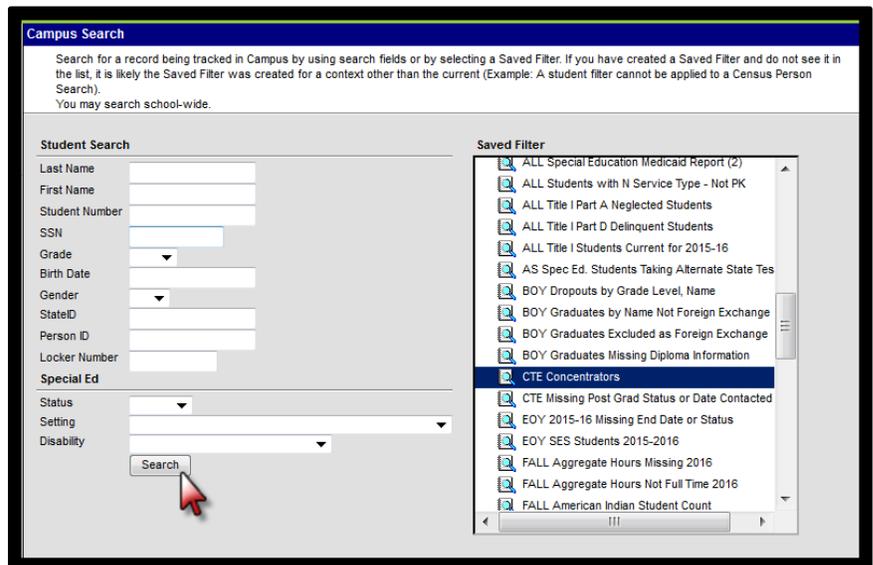

Direct Entry into Infinite Campus

Select **Year 16-17** and select **School** (a high school).

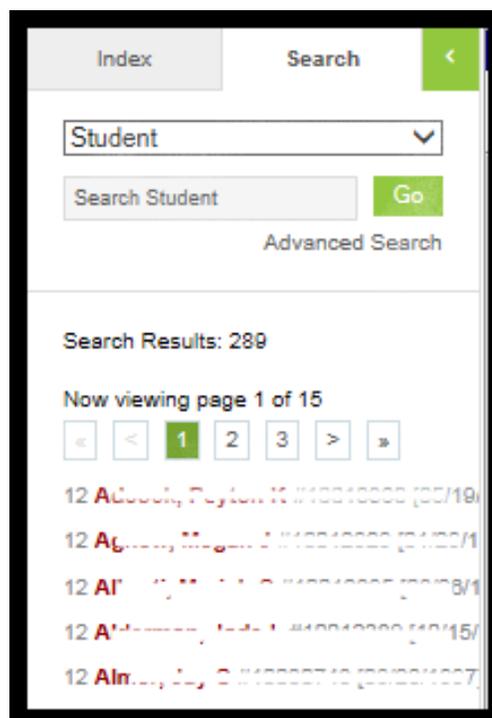

Click the **Search** tab. **Select Advanced Search.**

Under **Saved Filter**, select **State Published** and **CTE Concentrators.**

Click the **Search** button

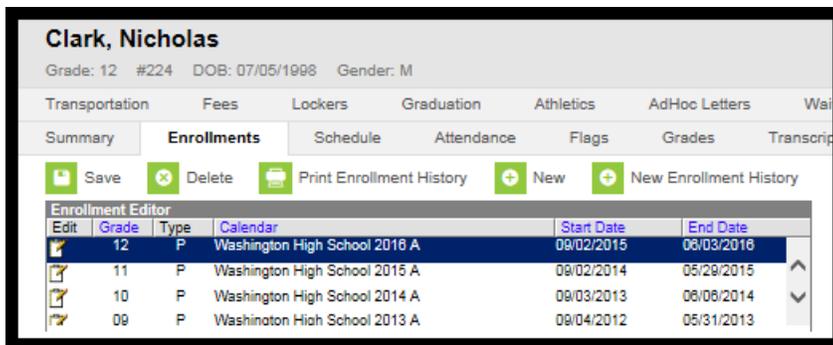

A list of last year's graduated CTE Concentrators will appear under the **Search** tab.

Click the name of the first student in the Search Results list. Select the **Enrollments** tab.

Open the 16-17 enrollment record by clicking the **Edit Notepad** icon.

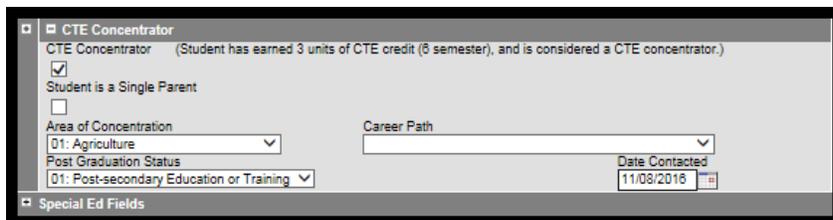

Scroll to the **CTE Concentrator** section. Open the section by clicking the plus (+) sign.

Select the appropriate *Post Graduation Status and Date Contacted*.

Click **Save**.

Repeat the process for each CTE Concentrator Student listed in the Search Results.

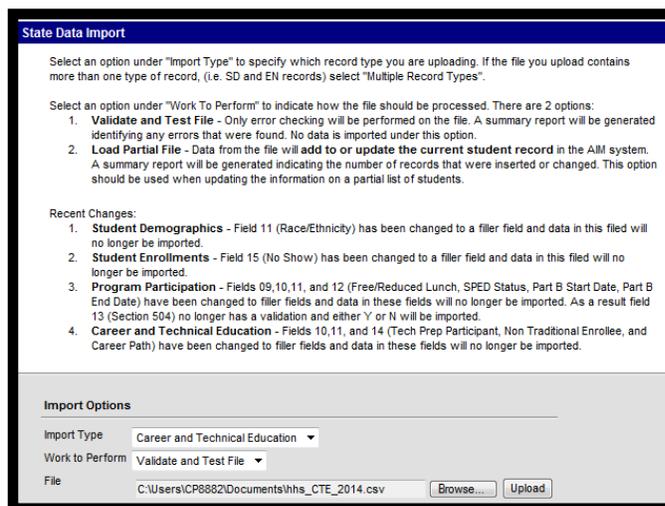

File Upload (for those districts who do not use Infinite Campus as their primary Student Information System)

CTE Concentrator information may be uploaded using a file created from the district's Student Information System or created using the OPI Career and Technical Education Template (Excel).

Create File by Extract from SIS:

Follow your SIS instructions to extract the file as a *.tsv or *.txt file.

Use the instructions on the next page to upload the file.

Create File Using OPI Template:

The [Career and Technical Education Template](#) is available on the OPI AIM Webpage (see picture below). Save the template to a file of your choice, then open the template.

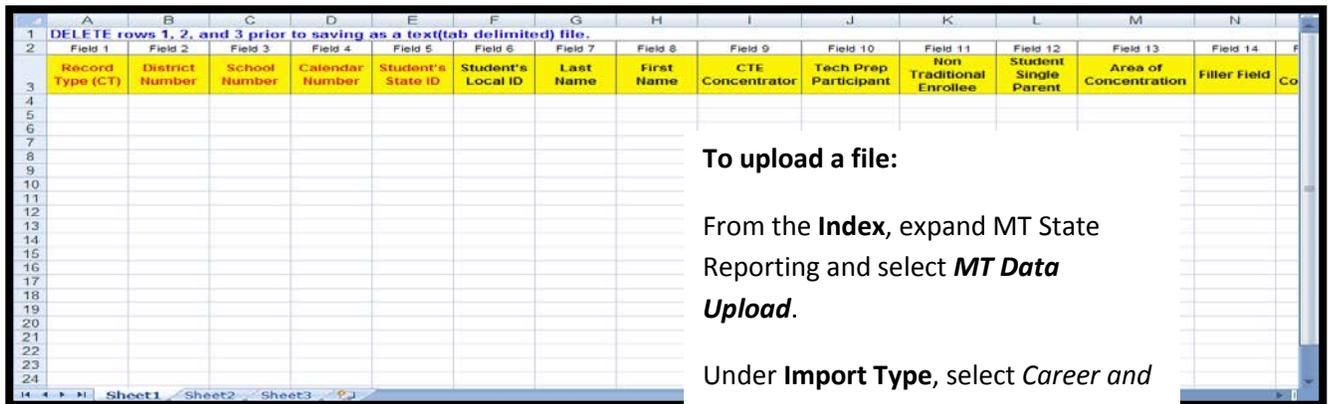

Enter the required information (shown in red) for each student.

Format columns to zero pad as necessary. When using a CSV file, **leading zeroes** needed to enable the file to upload are dropped, so the zeroes must be added back in (“zero padding”). Affected fields are: District Number (requires 4 digits), School Number (requires 4 digits),

To correct the leading zeroes in a spreadsheet:

1. Open the CSV file
2. Select the column contents by highlighting it.
3. Right click
4. Click Format Cells
5. Select Custom
6. Under Type, replace General with a # sign followed by zeroes for the number of digits you want (e.g., #0000 for 4 digits, #00 for 2 digits, etc.)
7. Click OK.
8. Save the file as a Text Delimited (.tsv) or Text file (.txt).

Delete the first three rows of the file and save as a *.tsv or *.txt file. Open the *.tsv or *.txt file and type in the header row (HD tab date (mm/dd/yyyy) tab time (00:00:00) tab MT9.1) followed by the Enter key, then delete the extra line. Save the file.

To upload a file:
From the **Index**, expand MT State Reporting and select **MT Data Upload**.
Under **Import Type**, select **Career and Technical Education**.
From **Work to Perform**, select **Validate and Test**. Browse for the file and click **Upload**.

Results:
 File Name: CT_0556_08102010.tsv
 Processing Started Time: Tue Aug 10 13:33:49 CDT 2010.
 Processing Finished Time: Tue Aug 10 13:33:51 CDT 2010.
 Total Time To Process File: 2 seconds.

0 Records Inserted.
 0 Records Changed.
 0 Records Deleted.
 0 Records No Changes.

Error Count:0
Warning Count:0

Error Detail:
 Line Number Error Message Content
 No Errors

Warning Detail:
 Line Number Warning Message Content
 No Warnings

Check the **Import Results Summary** for errors. Fix any **Errors** and review **Warnings**.

Once the report is free of errors, return to **MT Data Upload**.

Set the **Import Type** to *Career and Technical Education*, the **Work to Perform** to *Load Partial File* and browse for the file.

Click **Upload**.

State Data Import

Select an option under "Import Type" to specify which record type you are uploading. If the file you upload more than one type of record, (i.e. SD and EN records) select "Multiple Record Types".

Select an option under "Work To Perform" to indicate how the file should be processed. There are 2 options:

- Validate and Test File** - Only error checking will be performed on the file. A summary report identifying any errors that were found. No data is imported under this option.
- Load Partial File** - Data from the file will **add to or update the current student record** in the system. A summary report will be generated indicating the number of records that were inserted or changed. This option should be used when updating the information on a partial list of students.

Recent Changes:

- Student Demographics** - Field 11 (Race/Ethnicity) has been changed to a filler field and data in this field will no longer be imported.
- Student Enrollments** - Field 15 (No Show) has been changed to a filler field and data in this field will no longer be imported.
- Program Participation** - Fields 09,10,11, and 12 (Free/Reduced Lunch, SPED Status, Part B End Date) have been changed to filler fields and data in these fields will no longer be imported. Field 13 (Section 504) no longer has a validation and either Y or N will be imported.
- Career and Technical Education** - Fields 10,11, and 14 (Tech Prep Participant, Non Traditional Participant, Career Path) have been changed to filler fields and data in these fields will no longer be imported.

Import Options

Import Type: Career and Technical Education

Work to Perform: Load Partial File

File: C:\Users\CP8882\Documents\hhs_CTE_2014.csv [Browse...] [Upload]

[Submit to Batch]

Or

Result File: 06/17/2014 14:41:39 (COMPLETE) [Load]

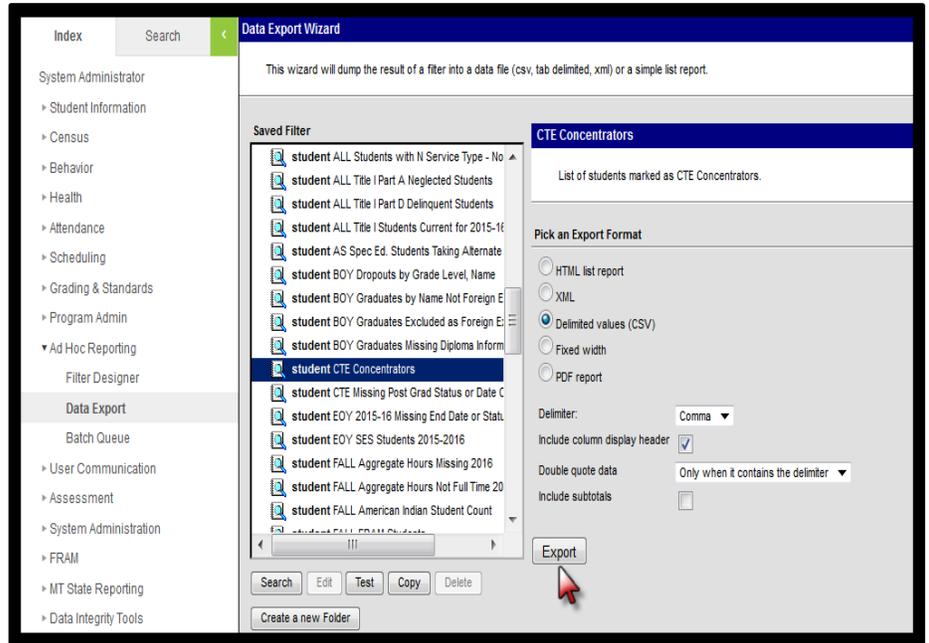

GET A QUICK REPORT OF CTE CONCENTRATOR'S

Select Year 16-17 and School (a high school).

From the Index, expand Ad Hoc Reporting and select Data Export.

Under Saved Filter, select State Published and student CTE Concentrator.

Pick an Export Format, (recommend Delimited values (CSV) and click Export.

The report will display in the selected format. It lists all students who were identified as CTE Concentrators in 16-17.

CTE Concentrators Total Records:3

All Records

| School | State ID | Last Name | First Name | Grade | Is CTE? | Career Path | Concentration | Single Parent? |
|---------------------|-----------|-----------|------------|-------|---------|-------------|---------------|----------------|

RE-SYNC DATA

Select Year 16-17.

From the **Index**, expand **System Administration and Data Utilities**. Select **Resync State Data**.

Check the box for **Enrollment** (other boxes will check automatically).

Click **Send Resync**.

State Data Resynchronization

This tool will selectively resynchronize data from the district edition to the state edition. The resynchronization will happen asynchronously and you will receive a Process Message in your inbox when it completes. The primary uses for this tool include: forcing an initial sync of data to the state after a district goes live, forcing a sync of information modified outside of the application (i.e., through a SQL query) to the state, and forcing a sync of information at reporting time to ensure that the state has the most accurate and timely information available.

Resync Data For The Previous School Year (2010-2011)

CTE FAQ

- **We already do a follow-up survey of our graduating seniors in August – can I use that data for our CTE Concentrators?**
 - No, to meet the requirements of the Carl Perkins grant the students must be contacted between October 1 and December 31 of the following school year.
- **The student is out of state, but I talked to his mom. Is that considered a contact?**
 - Yes, the student's immediate relative is a reliable source of follow-up data for a CTE Concentrator.
- **I have tried to contact the student, but every number we have on file is disconnected and there is no one with information as to their whereabouts. What do I do?**
 - Mark the student CTE record as *05: Unknown* in the **Post-Graduation Status** field. Every reasonable effort should be made to contact these students, since *the lack of information could negatively affect Perkins performance measures* for your school.
- **We live in a small town. Even though the family moved, I ran into a family friend who said the student is now in the military. Is this enough information to code that as the student's Post-Graduation status?**
 - The district must determine how reliable they think the information is. If the information is deemed to be credible, enter it as the student's Post-Grad Status.
- **ADDITIONAL TECHNICAL ASSISTANCE GUIDANCE to assist those making follow-up phone calls is available on the Secondary CTE web page inside the 'Data Collections' tab located here:**
<http://opi.mt.gov/Educators/Teaching-Learning/Career-Technical-Education>

Appendix M: AIM Area Of Concentration

| CODE | NAME | DEFINITION |
|------|---------------------------------|--|
| 01 | Agriculture | The majority of the CTE credits were earned in the study of Agriculture. |
| 07 | Business | The majority of the CTE credits were earned in the study of Business. |
| 20 | Family and Consumer Sciences | The majority of the CTE credits were earned in the study of Family and Consumer Sciences. |
| 17 | Health Sciences | The majority of the CTE credits were earned in the study of Health Sciences. |
| 08 | Marketing | The majority of the CTE credits were earned in the study of Marketing. |
| 21 | Technology Educ/Industrial Arts | The majority of the CTE credits were earned in the study of Technology Educational/Industrial Arts. |
| 40 | Trade and Industrial | The majority of the CTE credits were earned in the study of Trade and Industry. |
| 60 | Blend | CTE credits were earned in a blend of the other CTE concentrations – used when a clear majority is not present in any other field. |

ALL AREA OF CONCENTRATION CODES REQUIRE ZERO PADDING

Appendix O: AIM Post Grad Status

| CODE | NAME | DEFINITION |
|--|--------------------------------------|--|
| 01 | Post-secondary Education or Training | After the student graduated from high school, they attended a post-secondary education program or additional training. |
| 02 | Employed | After the student graduated from high school, they became employed. |
| 03 | Unemployed | After the student graduated from high school, they became/remained unemployed. |
| 04 | Military | After the student graduated from high school, they joined the military. |
| 05 | Not Known | The student's status after graduating from high school is not known. |
| 06 | Other | The student's status after graduating from high school is something other than above options. |
| ALL POST GRAD STATUS CODES REQUIRE ZERO PADDING | | |
