Appendix H:
AIM Language Of Impact Codes

CODE	NAME	DEFINITION
01	Arabic	Arabic influences the student's English language development.
02	Arapaho	Arapaho influences the student's English language development.
03	Assiniboine	Assiniboine influences the student's English language development.
04	Blackfeet	Blackfeet influences the student's English language development.
05	Cheyenne	Cheyenne influences the student's English language development.
06	Chinese	Chinese influences the student's English language development.
07	Chippewa	Chippewa influences the student's English language development.
08	Cree	Cree influences the student's English language development.
09	Croatian	Croatian influences the student's English language development.
10	Crow	Crow influences the student's English language development.
11	Czech	Czech influences the student's English language development.
12	Farsi	Farsi influences the student's English language development.
13	Finnish	Finnish influences the student's English language development.
14	French	French influences the student's English language development.
15	German	German influences the student's English language development.
16	Gros Ventre	Gros Ventre influences the student's English language development.
17	Hindi, Hindustani	Hindi, Hindustani influences the student's English language development.
18	Hmong	Hmong influences the student's English language development.
19	Japanese	Japanese influences the student's English language development.
20	Kootenai	Kootenai influences the student's English language development
21	Korean	Korean influences the student's English language development.
22	Navajo	Navajo influences the student's English language development.
23	Nepalese	Nepalese influences the student's English language development.

Appendix H:
AIM Language Of Impact Codes

CODE	NAME	DEFINITION
24	Norwegian	Norwegian influences the student's English language development.
25	Oneida	Oneida influences the student's English language development.
26	Polish	Polish influences the student's English language development.
27	Portuguese	Portuguese influences the student's English language development.
28	Romanian	Romanian influences the student's English language development.
29	Russian	Russian influences the student's English language development.
30	Salish	Salish influences the student's English language development.
31	Shoshone	Shoshone influences the student's English language development.
32	Sioux/Dakota	Sioux/Dakota influences the student's English language development.
33	Spanish	Spanish influences the student's English language development.
34	Tagalog	Tagalog influences the student's English language development.
35	Thai	Thai influences the student's English language development.
36	Turkish	Turkish influences the student's English language development.
37	Urdu	Urdu influences the student's English language development.
38	Vietnamese	Vietnamese influences the student's English language development.
39	Other - Non American Indian	Another non-listed non-American Indian language influences the student's English language development.
40	Other – American Indian	Another non-listed American Indian language influences the student's English language development.
