

Electronic Cigarette Use (Vaping) High School Principal Survey

The OPI Health Enhancement and Safety Division would like to have a greater understanding about electronic cigarette use in Montana schools. Thank you very much for taking the time to respond to this short survey. Your individual school information will be kept confidential but in combination with others will greatly assist our efforts to provide Montana schools with timely and helpful tobacco use prevention resources.

REFILLABLE, RECHARGEABLE VAPING DEVICES

Vape Pens

1. The above are examples of rechargeable, refillable vape pens. These are more traditional and less expensive vaping devices. Approximately how many student tobacco use violations involving vape pens have you had since the beginning of this school year?

Mods

2. The picture above contains examples of rechargeable, refillable "Mods." These are larger vaping devices, varied in design and they often contain a computerized regulatory component. Mods typically produce a larger aerosol "cloud" than traditional vape pens and are more commonly used for "vape tricks." Approximately how many student tobacco use violations involving mods have you had since the beginning of this school year?
-

E-Juice

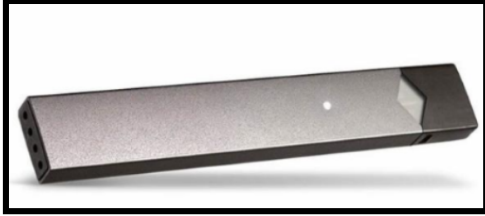

3. Vape pens and Mods are used with e-Juice. E-Juice comes in over 7000 flavors. What flavors of e-juice have you found in your school?

Check all that apply.

- ☐ We have had zero tobacco violations associated with E-Juice
- ☐ Fruity Flavors like blueberry, green apple and watermelon
- ☐ Dessert flavors like chocolate, vanilla, banana split or cream puff
- ☐ Candy flavors like skittles, gummy bear or cotton candy
- ☐ Non sweet flavors like tobacco, mint or menthol
- ☐ Other

JUUL

4. We've been hearing a lot in the national media about youth using Juul electronic cigarettes in schools. These vaping devices look like USB thumb drives and can be easier to camouflage in schools. They come with cartridges already filled with e-juice and can be recharged from a USB port. Approximately how many student tobacco use violations involving Juuls have you had since the beginning of this school year?

Disposable Vaping Devices

Disposable E-Hookahs

5. Above are samples of disposable e-hookahs. Approximately how many student tobacco use violations involving e-hookahs have you had since the beginning of this school year?

Cig-A-Likes

6. The images above are samples of cig-a-likes that tend to have the same shape or appearance as combustible cigarettes. Some are disposable, some have rechargeable components with disposable cartridges. Approximately how many student tobacco use violations involving cig-a-likes have you had since the beginning of this school year?
