Subchapter 1

Board of Public Education Policies

10.64.101 PENALTY FOR NONCOMPLIANCE (REPEALED) (History: 20-2-121, MCA; IMP, 20-10-104, MCA; Eff. 7/8/77; ARM Pub. 11/26/77; REP, 2002 MAR p. 2187, Eff. 8/16/02.)

Subchapter 2

Driver Qualifications

10.64.201 SCHOOL BUS DRIVER QUALIFICATIONS (1) In addition to the school bus driver qualifications set forth in 20-10-103, MCA, the Board of Public Education requires that school bus drivers must obtain a Montana school bus driver certificate (form TR-35) pursuant to the requirements of ARM 10.7.111, by submitting proof of the following:

- (a) a minimum of five years of licensed driving experience;
- (b) no record of criminal offenses indicating they may be dangerous to children, as evidenced by a criminal background check provided to and approved by the school district prior to initial employment;
- (c) a satisfactory report of a physical examination as prescribed by 20-10-103, MCA;
- (d) a current first aid certificate meeting the requirements of ARM 10.7.111;
- (e) a properly endorsed commercial driver's license (CDL) with continuing compliance with all of the requirements associated with that license; and
- (f) a safe driving record, which may not have evidence of any of the following:
 - (i) more than one moving traffic violation within any 12-month period of the preceding 36 months;
 - (ii) any conviction for driving under the influence of alcohol or drugs within the preceding 36 months; or
 - (iii) a conviction resulting in mandatory revocation or suspension of a driver's license in the previous five years. (History: 20-2-121, MCA; IMP, 20-10-103, 20-10-111, MCA; Eff. 7/8/74; ARM Pub. 11/26/77; AMD, 2014 MAR p. 1801, Eff. 8/8/14.)

Subchapter 3

Minimum Standards for School Buses

10.64.301 SCHOOL BUS REQUIREMENTS (1) The Board of Public Education adopts and incorporates the Standards for School Buses in Montana - 2017. A copy of this document is available from the Office of Public Instruction, Pupil Transportation Division, P.O. Box 202501, Helena, Montana 59620-2501 and is available at the following web address:
http://opi.mt.gov/pdf/PupilTransport/17BusStandards_Proposed.pdf.

(2) The Board of Public Education adopts standards for school buses in Montana in part from the National School Transportation Specifications and Procedures, as adopted in 2015 by the Sixteenth National Congress on School Transportation (NCST). The NCST occasionally issues an interpretation on its adopted specifications and procedures. Any interpretation adopted by the NCST shall be the official interpretation of the corresponding Montana standard unless that interpretation is specifically redefined or preempted by a corresponding Montana standard, law, or regulation. The National School Transportation Specifications and Procedures and additional information regarding the NCST are available at www.NCSTOnline.org. 10.64.342 REPLACEMENT PARTS (1) The standards for school buses in Montana apply to all new school buses to be used in Montana. Although it is recommended that used school buses be re-equipped with parts and supplies that meet the construction standards as they are replaced through periodic maintenance and repair, it is not intended that the requirements of these standards preclude the use of replacement parts or supplies that do not meet these higher standards when said parts and supplies are not readily available for emergency and/or roadside repairs. Further, it is not intended that the use of such regular parts, because of the lack of ready availability, should incur increased liability to the operator or district should damages or risk occur as a result of the use or failure of that part or supply when such district or operator has acted in good faith in making the emergency and/or roadside repair(s). If emergency and/or roadside repairs are made with regular standards parts, or supplies, it is recommended that said parts or supplies be replaced by parts or supplies which meet or exceed the standards for school buses in Montana within sixty (60) days. (History: 20-2-121, MCA; IMP, 20-10-111, MCA; NEW, 1993 MAR p. 684, Eff. 4/30/93.)

Subchapter 7

Transportation Areas

10.64.701 CRITERIA FOR ESTABLISHING TRANSPORTATION AREAS

(1) Relationship to School Law. The criteria must fit into the framework of school law for the administration of public schools, such as transfer of pupils, payment of tuition and other principles of school administration.

(a) County and school district boundaries do not apply: school bus areas when several of the following criteria apply:

- (i) Pupils live closer to a school in an adjoining school district or county.
- (ii) Geographical features such as mountains, or rivers make attendance in the home district impractical.
- (iii) Road conditions should have a great deal of consideration if there is a big difference in the type of roads available for school transportation.
- (iv) The natural trading center might have some bearing in some instances.
- (v) Very often, parents wish small children to attend the same school as older children.
- (vi) A majority opinion of the parents of the children concerned.
- (vii) Convenience and safety of children.
- (viii) Type of training required by pupils.

(b) The opinion of the board of trustees where the pupil or pupils reside should have consideration in case of continued controversy.

(c) In the case of further controversy, the problem should be submitted to the voters of the school district at the annual election and the majority opinion of the voters should have consideration.

(d) Costs should enter into the decision. The area should be set up in a manner which will provide transportation to adequate school facilities at a minimum cost. The area should be assigned to the school bus route which can do the job at a minimum cost.
