

Significant Needs Grant Score Sheet

Grant Cycle: March 6, 2018 - June 30, 2018

District/Coop Name:

Enrollment:

Current Carry-Over Amount:

Maximum Carry-Over Amount:

Percent of Carry-Over:

CRITERIA	X	POINTS	TOTAL
Priority I Student (5% of gen. fund budget)		100	0
Priority IA (Group Home)		100	0
<u>District Size</u>			
Less than 25 students		10	0
25 - 200 students		9	0
201 - 400 students		8	0
401 - 500 students		7	0
501 or more students		6	0
SPED Cooperative		5	0
<u>IDEA Carry-Over Funds</u>			
None		10	0
Less than 20%		9	0
20% - 39%		8	0
40% - 59%		7	0
60% - 79%		6	0
80% or more		5	0
Application for an eligible non-IDEA Student		10	0
<u>Eligible Students</u>			
IDEA student in one of the following categories:		80	0
Significant Behavior Needs			
Significant Physical Needs			
Conduct Disorder			
Emotionally Disturbed (ED)			
IDEA students in all other categories		40	0
Non-IDEA student in one of the following categories:		80	0
Severely Emotionally Disturbed (MT Mental Health)			
Conduct Disorder			
Juvenile Sex Offenders			
Non-IDEA student who did not fall into one of the preceding categories, but who has documented significant behavior needs		50	0
Total Score			0

- Non-IDEA student – Severely Emotionally Disturbed (MT Mental Health)
- Non-IDEA student – Conduct Disorder
- Non-IDEA student – Juvenile Sex Offenders
- Non-IDEA student – All other categories of documented behavior issues

Per instructions in the March 6, 2018, cover memorandum, provide justification of the district’s request for funding. Attach up to one additional page, if necessary, for the justification.

Priority 1A only – Name of Start-up Therapeutic Group Home: _____

Total Services for Significant Needs Students Grant Funds Requested: _____

Applications are to be postmarked by 5:00 p.m. on April 3, 2018, to be eligible for this grant cycle.

Authorizing Signatures:

FINAL PROJECT EVALUATION REPORT**

Directions:

1. **REPORT IS DUE** no later than 40 days following the project ending date (refer to *Final Report Due Date* as stated on the Project Application Approval Form).
2. Please send to Dale Kimmet, Office of Public Instruction, Division of Special Education, PO Box 202501, Helena, MT 59620-2501; retain one copy in the project file.

Project Number	Name of Prime Applicant	County	Legal Entity No.
Name and Title of Person Completing this Report		Signature	Date Signed

I. IDENTIFY THE PROJECT GOALS:

Refer to the project application goals and list the objectives achieved for each.

II. IDENTIFY THE OUTCOMES ACHIEVED:

III. PERSONNEL INVOLVED IN THIS PROJECT:

List, or attach a list of personnel who were involved in this project (e.g., special education teachers, counselors, paraprofessionals, school psychologist, social workers, mental health workers, etc.)

(Over)

IV. STUDENT(S) SERVED:

V. EXPENDITURE REPORT:

Attach a copy of the final expenditure report that has been completed by the clerk/business manager.

VI. IMPACT – (Please describe the impact of these funds on your student(s), school, staff, etc.)

I certify that, to the best of my knowledge and belief, the information contained in this evaluation report is accurate and complete and a final expenditure report has been submitted.

RE: Limited Funding for Students With Significant Behavioral or Physical Needs Served by
Public Schools

OVERVIEW

The Office of Public Instruction is making available limited funding for the costs of students with significant behavioral or physical needs served by the public schools. Funds must be obligated by **June 30, 2018**.

Based on the number of requests, the Office of Public Instruction may elect to put a limit on amounts approved for funding for Priority I and funding for Priority II. If the services are for students with disabilities and the district has significant carry over of IDEA Part B funds, funding may be further limited.

The approval of the funding on each application is specific to the request and justification for that request. If the funding is no longer needed or circumstances change (i.e., student(s) moves) or the total amount is not used, the funding must be refunded to the OPI in a timely manner.

ELIGIBLE DISTRICTS

An eligible district is one that has one board of trustees. A K-8 and 9-12 district sharing the same board and same board chair is considered one district. Some K-12 districts have high school representatives on the board who represent outlying districts. The arrangement is still considered one district for our purposes.

ELIGIBLE STUDENTS

Eligible students include all of the following: students with significant behavioral or physical needs, students with conduct disorder, juvenile sex offenders, students identified as emotionally disturbed (ED) under special education or as severely emotionally disturbed (SED) under the Montana Mental Health Access Plan. Students DO NOT have to meet the eligibility criteria of severely emotionally disturbed

(SED) or be identified as a student with disabilities in accordance with the Individuals with Disabilities Education Act (IDEA).

ALLOWABLE COSTS

Education costs for services to students with significant behavioral or physical needs during the school day will be considered allowable costs. To be considered educational services, the funds must be used for meeting a student's mobility or physical/health care needs and/or for treating, managing and/or directing student behavior during the course of the school day. Examples of services include: nursing services, therapy (group, family, and individual), cost of instruction for teacher and paraprofessional time assigned to serving children in therapeutic group home settings and alternative education sites, provision of behavior management specialist services and enhanced supervision, including probation and contracted mental health services. The purchase of equipment (\$5,000 or more per unit) will also be considered as allowable cost provided that it can be shown that the equipment is necessary to implement the education program for the student with significant behavioral or physical needs.

Grants will be awarded based on the following priorities.

PRIORITY I

Priority I awards will be made available to schools who have a student whose excess costs for education services exceed 5 percent of the district's general fund budget. Excess costs mean district general fund costs for educating the student that are specific to the student and include costs such as a paraprofessional, counselor or teacher assigned full time or part time to the student, the cost of supplies, etc. Excess costs refer only to those costs that are in addition to routine general education obligations and do not include costs such as the student's classroom teacher, administration, heat and light for the building, etc. If the Priority I application is not approved, the application will automatically become a Priority II application.

JUSTIFICATION

On one page or less provide a rationale why the district should receive this funding. In this rationale, please address the following:

1. List district general fund excess costs for educating the student that are specific to the student. These costs can include the cost of services such as a paraprofessional, counselor or teacher assigned full time or part time to the student, the cost of student specific supplies, etc. **Do not** include standard expenses incurred for all other students such as general education teacher time, routine supplies and equipment, etc.
2. Provide the district's total general fund budget amount for FY 2016 and calculate whether the general fund obligations of serving the student would consume 5 percent or more of the district's general fund budget.
3. State whether the student is a resident or nonresident student. If the student is a nonresident student clarify why the costs could not be covered by the tuition fund.

PRIORITY IA

Priority IA awards will be made to public school districts experiencing a significant financial impact from the **start up, expansion, or increased school enrollment from** local group homes or new therapeutic foster care homes serving multiple students for FY 2018.

To be eligible for Priority IA awards, the start up or expansion of the group home or therapeutic foster care home must meet these criteria:

1. Students from the group home **cannot have been included in the district enrollment count submitted in October 2017;**
2. The district must show that as a result of the group home or therapeutic foster home opening, expanding, or registering additional students that the employment of additional school personnel is necessary to serve the students; and
3. The district is employing additional paraprofessionals and/or special education certified FTE districtwide from the previous year.

JUSTIFICATION: On one page or less, please provide rationale why the district should receive this funding. In this rationale, please address the following:

1. Name the group home.
2. Specify the number of additional students attending your school from the group home that exceed the number who were included in the ANB enrollment in October 2016.
3. Name(s) of additional staff hired as a direct result of the group home.
4. Verification that the overall FTE of special education staff for your district has increased in the past year.
5. List of services that will be provided.
6. Identify who will provide the services (i.e., school personnel, contract service providers).
7. List:
 - a. the number of children identified as needing the service; and
 - b. the ages of children.
8. Describe the school's contribution to the project.

Priority I and Priority IA applications may be received at anytime during the 2017-2018 school year; however, funds must be obligated by June 30, 2018.

PRIORITY II

Priority II awards will be made **after** Priority I and Priority IA awards have been made. All Priority II Proposals will be accepted either by mail, e-mail and/or fax (fax number is 406-444-3924). Proposals must be received during the designated application window date. Any proposals received after the designated application window date will be reviewed during the next designated application window date.

Each proposal will be reviewed using the attached rubric. Applicants scoring the highest will receive a grant for the amount established by the OPI. If more than one applicant receives the highest score, the grantees will be determined through a drawing.

JUSTIFICATION FOR PRIORITY II. On one page or less, please provide rationale why the district should receive this funding. In this rationale, please address the following:

1. State the services that will be provided.
2. Identify who will provide the services (i.e., school personnel, contract service providers).
- 3 List:
 - a. number of children identified as needing the service;
 - b. ages of children; and
 - c. provide an explanation that the children have significant physical or emotional needs (do not send copies of IEPs or other confidential information).
4. Describe the school's contribution to the project.
5. State the district's total student enrollment.
6. State the district's current amount of IDEA Carry-Over Funds from the close-out report submitted at the end of the previous grant year.

MANAGEMENT STRUCTURE

The Office of Public Instruction will distribute the funds directly to school districts through the Annual Cash Advance Request form. The school superintendent and Board of Trustees are responsible for direct program administration and fund accounting.

PROVISION OF FUNDS

School districts interested in applying for the funds must complete the enclosed "Services for Significant Needs Students: Application for Funding" form and budget page. Please submit the forms to the Office of Public Instruction, attention Dale Kimmet, at the above address or via fax to (406) 444-3924. The Office of Public Instruction will send award notification letters to the appropriate school districts. The school district will request the funds via the Annual Cash Advance Request form for deposit in their Miscellaneous Fund 15.
