

Can Do Descriptors

KEY USES EDITION

Grade 1

The WIDA Can Do Descriptors, Key Uses Edition, Grades K–12

The Can Do Descriptors provide examples of what language learners *can do* at various stages of English language development in listening, speaking, reading and writing. The *WIDA Can Do Descriptors, Key Uses Edition* are one component of the WIDA Standards Framework (shown at right). The Framework, as a whole, supports the implementation of the WIDA Language Development Standards in the instruction and assessment of language learners. We encourage educators to use the *WIDA Can Do Descriptors, Key Uses Edition* in conjunction with the other components of the Framework, along with the previous edition of the Can Do Descriptors. For more information on the WIDA Standards Framework, visit www.wida.us.

The *WIDA Can Do Descriptors, Key Uses Edition* provide examples of academic language use for four specific communicative purposes. These purposes, referred to as **Key Uses**, were identified based on reviews of literature and a language analysis of college and career readiness standards:

Recount: To display knowledge or narrate experiences or events. Example tasks that include the Key Use of **Recount** include telling or summarizing stories, producing information reports, and sharing past experiences.

Explain: To clarify the “why” or the “how” of ideas, actions, or phenomena. Example tasks that include the Key Use of **Explain** include describing life cycles, sharing why or how things work, stating causes and effects, and sharing results of an experiment.

Argue: To persuade by making claims supported by evidence. Example tasks that include the Key Use of **Argue** include stating preferences or opinions and constructing arguments with evidence.

Discuss: To interact with others to build meaning and share knowledge. Example tasks that include the Key Use of **Discuss** include participating in small or large group activities and projects.

The Key Uses, as well as the example tasks, are not exhaustive, but are meant to help guide the planning and conversation around meaningful participation of language learners in standards-based content curriculum, instruction and assessment.

Organization of the WIDA Can Do Descriptors, Key Uses Edition, Grades K–12

The *WIDA Can Do Descriptors, Key Uses Edition* are organized by grade-level bands (K, 1, 2–3, 4–5, 6–8, and 9–12) that correspond to those in ACCESS for ELLs 2.0. Within each grade-level band, the descriptors are organized by Key Use (Recount, Explain, Argue and Discuss) and within each Key Use, there are example descriptors across WIDA’s six levels of language proficiency (ELP Levels 1–6).

The descriptors in Level 6 represent the language performance of students who have met all the criteria for Level 5. Unlike the descriptors at Levels 1–5 that provide examples of performance at the end of the level, the descriptors at Level 6 are examples of performance within the Level 6.

For three of the Key Uses (**Recount**, **Explain**, and **Argue**) you’ll see descriptors for the four language domains (Listening, Reading, Speaking, and Writing). The descriptors for the Key Use **Discuss** are only shown for the domain of Oral Language. The Key Use **Discuss** highlights the importance of oral language development for the meaningful participation of all language learners at this grade level, regardless of their level of language proficiency. The descriptors in the Key Use **Discuss** provide examples of what students *can do* to participate in oral discussions.

Potential Uses for the Can Do Descriptors, Key Uses Edition

Audiences	The WIDA Can Do Descriptors, Key Uses Edition can help....
<p>Educators who work with language learners, including coaches, teachers (<i>e.g., general education, gifted and talented, special education, Title I</i>), language specialists, and support staff.</p>	<ul style="list-style-type: none"> • Interpret results from WIDA English language proficiency assessments (<i>e.g., ACCESS for ELLs 2.0, WIDA MODEL, and language screeners</i>) to inform classroom decisions • Differentiate curriculum, instruction, and assessments designed in English based on language learners’ levels of English language proficiency • Collaborate and engage in instructional conversations about the academic success of language learners in English environments • Advocate for equitable access to content for language learners based on their level of language proficiency
<p>Administrators and school leaders</p>	<ul style="list-style-type: none"> • Interpret results from WIDA English language proficiency assessments (<i>e.g., ACCESS for ELLs 2.0, WIDA MODEL, and language screeners</i>) to inform decisions on educational programming for language learners • Communicate with other educators about students’ English language development • Support the WIDA Can Do philosophy throughout schools and districts • Advocate for equitable access to content for language learners based on their level of language proficiency

Stakeholders are encouraged to use the Can Do Descriptors beyond the audiences and purposes identified above to advocate on behalf of language learners.

By the end of each of the given levels of English language proficiency* English language learners can...
