IDEA PART B FUNDS: CALCULATION FORMULA FOR AN APPROVED SCHOOLWIDE PROGRAM

This form is provided to assist the district in determining the amount of IDEA Part B funds which can be used to support an <u>approved</u> Schoolwide Program under Title I of the ESEA. A separate form should be completed for each schoolwide program in the district for which the district would intend to use IDEA Part B Funds. [IDEA 2004 Section 613(a)(2)(D)]

School District_____

Approved
Schoolwide Program_____

Name

School Name

To calculate the amount of Part B entitlement funds which can be used by the district to assist in support of an <u>approved</u> Schoolwide Program, the district should do the following:

1. Identify the number of IDEA-eligible children with disabilities participating in the <u>approved</u> Schoolwide Program. _____.

2. Enter the amount of <u>current-year</u> Part B entitlement funds generated by the district. _____.

   (Districts participating in a cooperative may get this figure from the cooperative. Single district applicants should refer to their IDEA Application Approval/Amendment Form for the "<u>Current-Year</u>" entitlement amount.)

3. Identify the number of IDEA-eligible children within the district (use the most recent, verified, unduplicated child count figure) _____.

CALCULATION:

_____ x _____ ÷ _____ = $_____
(1) IDEA-Eligible Children   (2) Entitlement   (3) Child Count   Total Amount Allowed
Participating in Schoolwide   for Schoolwide Program
Program
