Course of Study

The Course of Study needs to include the courses of study for each semester for the duration of the IEP.

This usually means you need to include three semesters of courses.

The course of study is a projected idea of what the student's semester may look like through the IEP year. It is important to remember it should follow or align with the Measurable Postsecondary Goals. If you use the term "elective" try to be specific as to what type of elective the student will be taking, i.e., auto shop, art, home economics, chemistry, etc.
