

Dear Partners in Education,

April 30, 2018

Montana has notified all comprehensive and targeted schools of their designations and is pleased to begin the work of school improvement planning with all comprehensive schools and their leadership teams in Helena April 25th and 26th.

Comprehensive schools will reflect on their data to create SMART goals for school improvement. OPI staff will assist teams in data analysis and sharing best practices on writing goals and gaining momentum in school improvement.
