LIBRARY MEDIA AND INFORMATION LITERACY CONTENT STANDARDS

1. When a district incorporates or integrates library media and information literacy content into district curriculum or offers an elective course in library media and information literacy, the following standards apply:
   a. Students will build new knowledge by inquiring, thinking critically, identifying problems, and developing strategies for solving problems.
   b. Students will demonstrate an understanding of and commitment to inclusiveness and respect for diversity in the learning community, including the distinct and unique cultural heritage of American Indians.
   c. Students will work effectively with others to broaden perspectives and work toward common goals.
   d. Students will make meaning for oneself by collecting, organizing, and sharing resources of personal relevance.
   e. Students will discover and innovate through experience and reflection.
   f. Students will exercise their freedom to read and demonstrate their ability to pursue personal interests.
   g. Students will demonstrate safe, legal, and ethical creating and sharing of knowledge products.
   h. Students will engage in authentic inquiry experiences about the distinct and unique cultural heritage of American Indians.
THE LIBRARY MEDIA AND INFORMATION LITERACY STANDARDS FOR KINDERGARTEN

1. Build new knowledge by inquiring, thinking critically, identifying problems, and developing strategies for solving problems.
   a. Form simple, factual level questions and begin to explore ways to answer them.
   b. Ask “I wonder” questions about topic, question, or problem.

2. Demonstrate an understanding of and commitment to inclusiveness and respect for diversity in the learning community, including the distinct and unique cultural heritage of American Indians.
   a. Share knowledge and ideas with others through discussion and listening.
   b. Formulate questions related to content presented by others.

3. Work effectively with others to broaden perspectives and work toward common goals.
   a. Listen respectfully and, when appropriate, offer information and opinions in group discussions.

4. Make meaning for oneself by collecting, organizing, and sharing resources of personal relevance.
   a. With guidance and support, generate questions about a topic and select a focal question to explore.

5. Discover and innovate through experience and reflection.
   a. Routinely select picture, fiction, and information books.
   b. Explore new genres.
   c. Begin to recognize that different genres require different reading, listening, or viewing strategies.
   d. Make connections between literature and personal experiences.
   e. Select books at the appropriate reading level, to be read aloud, or challenging books for browsing and enjoyment.
   f. Express feelings about a story through pictures and words.
   g. Express ideas through simple products in different formats.

6. Exercise their freedom to read and demonstrate their ability to pursue personal interests.
   a. Request, choose, and share a variety of materials from various genres related to personal interests.

7. Demonstrate safe, legal, and ethical creating and sharing of knowledge products.
   a. With guidance and support, acknowledge the work of others by citing sources.
   b. With guidance and support, maintain safe behavior when using the internet.

8. Engage in authentic inquiry experiences about the distinct and unique cultural heritage of American Indians.
THE LIBRARY MEDIA AND INFORMATION LITERACY STANDARDS FOR FIRST GRADE

1. Build new knowledge by inquiring, thinking critically, identifying problems, and developing strategies for solving problems.
   a. Form simple, factual level questions and begin to explore ways to answer them.
   b. Ask “I wonder” questions about topic, question, or problem.

2. Demonstrate an understanding of and commitment to inclusiveness and respect for diversity in the learning community, including the distinct and unique cultural heritage of American Indians.
   a. Share knowledge and ideas with others through discussion and listening.
   b. Formulate questions related to content presented by others.

3. Work effectively with others to broaden perspectives and work toward common goals.
   a. Listen respectfully and, when appropriate, offer information and opinions in group discussions.

4. Make meaning for oneself by collecting, organizing, and sharing resources of personal relevance.
   a. With guidance and support, generate questions about a topic and select a focal question to explore.

5. Discover and innovate through experience and reflection.
   a. Routinely select picture, fiction, and information books.
   b. Explore new genres.
   c. Begin to recognize that different genres require different reading, listening, or viewing strategies.
   d. Make connections between literature and personal experiences.
   e. Select books at the appropriate reading level, to be read aloud, or challenging books for browsing and enjoyment.
   f. Express feelings about a story through pictures and words.
   g. Express ideas through simple products in different formats.

6. Exercise their freedom to read and demonstrate their ability to pursue personal interests.
   a. Request, choose, and share a variety of materials from various genres related to personal interests.

7. Demonstrate safe, legal, and ethical creating and sharing of knowledge products.
   a. With guidance and support, acknowledge the work of others by citing sources.
   b. With guidance and support, maintain safe behavior when using the internet.

8. Engage in authentic inquiry experiences about the distinct and unique cultural heritage of American Indians.
THE LIBRARY MEDIA AND INFORMATION LITERACY STANDARDS FOR SECOND GRADE

1. Build new knowledge by inquiring, thinking critically, identifying problems, and developing strategies for solving problems.
   a. Form simple, factual level questions and begin to explore ways to answer them.
   b. Ask “I wonder” questions about topic, question, or problem.

2. Demonstrate an understanding of and commitment to inclusiveness and respect for diversity in the learning community, including the distinct and unique cultural heritage of American Indians.
   a. Share knowledge and ideas with others through discussion and listening.
   b. Formulate questions related to content presented by others.

3. Work effectively with others to broaden perspectives and work toward common goals.
   a. Listen respectfully and, when appropriate, offer information and opinions in group discussions.

4. Make meaning for oneself by collecting, organizing, and sharing resources of personal relevance.
   a. With guidance and support, generate questions about a topic and select a focal question to explore.

5. Discover and innovate through experience and reflection.
   a. Routinely select picture, fiction, and information books.
   b. Explore new genres.
   c. Begin to recognize that different genres require different reading, listening, or viewing strategies.
   d. Make connections between literature and personal experiences.
   e. Select books at the appropriate reading level, to be read aloud, or challenging books for browsing and enjoyment.
   f. Express feelings about a story through pictures and words.
   g. Express ideas through simple products in different formats.

6. Exercise their freedom to read and demonstrate their ability to pursue personal interests.
   a. Request, choose, and share a variety of materials from various genres related to personal interests.

7. Demonstrate safe, legal, and ethical creating and sharing of knowledge products.
   a. With guidance and support, acknowledge the work of others by citing sources.
   b. With guidance and support, maintain safe behavior when using the internet.

8. Engage in authentic inquiry experiences about the distinct and unique cultural heritage of American Indians.
THE LIBRARY MEDIA AND INFORMATION LITERACY STANDARDS FOR THIRD GRADE

1. Build new knowledge by inquiring, thinking critically, identifying problems, and developing strategies for solving problems.
   a. Ask “why” questions.
   b. With guidance, formulate a question about a topic.

2. Demonstrate an understanding of and commitment to inclusiveness and respect for diversity in the learning community, including the distinct and unique cultural heritage of American Indians.
   a. Articulate and identify one’s own place in the cultural fabric of the global community and respect others’ cultural identities.
   b. With guidance, seek sources written by authors with diverse backgrounds.

3. Work effectively with others to broaden perspectives and work toward common goals.
   a. Reflect at the end of the inquiry process and identify new or related ideas that would be interesting to pursue.
   b. Explore print, digital, and other resources to find information on a topic of personal interest.
   c. Work in teams to produce original works or solve problems.

4. Make meaning for oneself by collecting, organizing, and sharing resources of personal relevance.
   a. Make a list of all the possible sources of information that will help answer the questions or an information need.
   b. Use text features and illustrations to decide which resources are best to use and why.

5. Discover and innovate through experience and reflection.
   a. Create learning products for a variety of audiences and purposes.
   b. Use technology tools for independent and collaborative publishing activities.

6. Exercise their freedom to read and demonstrate their ability to pursue personal interests.
   a. Read, listen to, and view a range of resources for a variety of purposes (e.g., live the experiences of a character, answer questions, learn something new, explore personal interests).
   b. Recognize features of various genres and use different reading strategies for understanding.
   c. Connect personal feelings to emotions, characters, and events portrayed in a literary work.
   d. Set reading goals.
   e. Demonstrate knowledge of favorite authors and genres.

7. Demonstrate safe, legal, and ethical creating and sharing of knowledge products.
   a. With guidance and support, use technology appropriately by avoiding plagiarism and citing information.
   b. Articulate personal consequences of inappropriate use of information, technology, and media.
   c. With support, use digital tools responsibly by protecting personal information and respecting the privacy of others.

8. Engage in authentic inquiry experiences about the distinct and unique cultural heritage of American Indians.
THE LIBRARY MEDIA AND INFORMATION LITERACY STANDARDS FOR FOURTH GRADE

1. Build new knowledge by inquiring, thinking critically, identifying problems, and developing strategies for solving problems.
   a. Ask “why” questions.
   b. With guidance, formulate a question about a topic.

2. Demonstrate an understanding of and commitment to inclusiveness and respect for diversity in the learning community, including the distinct and unique cultural heritage of American Indians.
   a. Articulate and identify one’s own place in the cultural fabric of the global community and respect others’ cultural identities.
   b. With guidance, seek sources written by authors with diverse backgrounds.

3. Work effectively with others to broaden perspectives and work toward common goals.
   a. Reflect at the end of the inquiry process and identify new or related ideas that would be interesting to pursue.
   b. Explore print, digital, and other resources to find information on a topic of personal interest.
   c. Work in teams to produce original works or solve problems.

4. Make meaning for oneself by collecting, organizing, and sharing resources of personal relevance.
   a. Make a list of all the possible sources of information that will help answer the questions or an information need.
   b. Use text features and illustrations to decide which resources are best to use and why.

5. Discover and innovate through experience and reflection.
   a. Create learning products for a variety of audiences and purposes.
   b. Use technology tools for independent and collaborative publishing activities.

6. Exercise their freedom to read and demonstrate their ability to pursue personal interests.
   a. Read, listen to, and view a range of resources for a variety of purposes (e.g., live the experiences of a character, answer questions, learn something new, explore personal interests).
   b. Recognize features of various genres and use different reading strategies for understanding.
   c. Connect personal feelings to emotions, characters, and events portrayed in a literary work.
   d. Set reading goals.
   e. Demonstrate knowledge of favorite authors and genres.

7. Demonstrate safe, legal, and ethical creating and sharing of knowledge products.
   a. With guidance and support, use technology appropriately by avoiding plagiarism and citing information.
   b. Articulate personal consequences of inappropriate use of information, technology, and media.
   c. With support, use digital tools responsibly by protecting personal information and respecting the privacy of others.

8. Engage in authentic inquiry experiences about the distinct and unique cultural heritage of American Indians.
THE LIBRARY MEDIA AND INFORMATION LITERACY STANDARDS FOR FIFTH GRADE

1. Build new knowledge by inquiring, thinking critically, identifying problems, and developing strategies for solving problems.
   a. Ask “why” questions.
   b. With guidance, formulate a question about a topic.

2. Demonstrate an understanding of and commitment to inclusiveness and respect for diversity in the learning community, including the distinct and unique cultural heritage of American Indians.
   a. Articulate and identify one’s own place in the cultural fabric of the global community and respect others’ cultural identities.
   b. With guidance, seek sources written by authors with diverse backgrounds.

3. Work effectively with others to broaden perspectives and work toward common goals.
   a. Reflect at the end of the inquiry process and identify new or related ideas that would be interesting to pursue.
   b. Explore print, digital, and other resources to find information on a topic of personal interest.
   c. Work in teams to produce original works or solve problems.

4. Make meaning for oneself by collecting, organizing, and sharing resources of personal relevance.
   a. Make a list of all the possible sources of information that will help answer the questions or an information need.
   b. Use text features and illustrations to decide which resources are best to use and why.

5. Discover and innovate through experience and reflection.
   a. Create learning products for a variety of audiences and purposes.
   b. Use technology tools for independent and collaborative publishing activities.

6. Exercise their freedom to read and demonstrate their ability to pursue personal interests.
   a. Read, listen to, and view a range of resources for a variety of purposes (e.g., live the experiences of a character, answer questions, learn something new, explore personal interests).
   b. Recognize features of various genres and use different reading strategies for understanding.
   c. Connect personal feelings to emotions, characters, and events portrayed in a literary work.
   d. Set reading goals.
   e. Demonstrate knowledge of favorite authors and genres.

7. Demonstrate safe, legal, and ethical creating and sharing of knowledge products.
   a. With guidance and support, use technology appropriately by avoiding plagiarism and citing information.
   b. Articulate personal consequences of inappropriate use of information, technology, and media.
   c. With support, use digital tools responsibly by protecting personal information and respecting the privacy of others.

8. Engage in authentic inquiry experiences about the distinct and unique cultural heritage of American Indians.
THE LIBRARY MEDIA AND INFORMATION LITERACY STANDARDS FOR SIXTH THROUGH EIGHTH GRADE

1. Build new knowledge by inquiring, thinking critically, identifying problems, and developing strategies for solving problems.
   a. Write questions independently based on key ideas or areas of focus.
   b. Refine questions based on the type of information needed.
   c. Pose questions that focus on “How do we know what we know?”

2. Demonstrate an understanding of and commitment to inclusiveness and respect for diversity in the learning community, including the distinct and unique cultural heritage of American Indians.
   a. Offer information and opinions at appropriate times in group discussions.
   b. Encourage others to share ideas and opinions.
   c. Accurately describe or summarize the ideas of others.

3. Work effectively with others to broaden perspectives and work toward common goals.
   a. Ask questions of others in a group to elicit their information and opinions.
   b. Seek more than one point of view by using diverse sources.
   c. Read with purpose to investigate new ideas for classroom learning and personal exploration.

4. Make meaning for oneself by collecting, organizing, and sharing resources of personal relevance.
   a. Determine what information is needed to support an investigation and answer questions.
   b. Refine questions depending on the type of information needed (e.g., overview, big idea, specific detail, cause and effect, comparison).
   c. Seek opportunities to explore personal interests and questions.

5. Discover and innovate through experience and reflection.
   a. Create products that incorporate writing, visuals, and other forms of media to convey message and main points.
   b. Experiment with various types of technology tools for artistic and personal expression.
   c. Share reading, listening, and viewing experiences in a variety of ways and formats.

6. Exercise their freedom to read and demonstrate their ability to pursue personal interests.
   a. Independently locate and select information for personal, hobby, or vocational interests.
   b. Read, listen to, and view an increasingly wide range of genres and formats for recreation and information.
   c. Respond to images and feelings evoked by a literary work.

7. Demonstrate safe, legal, and ethical creating and sharing of knowledge products.
   a. With support, provide reference citations for all direct quotations and cite sources.
   b. With support, select and use digital tools and websites appropriately.
   c. Avoid plagiarism by rephrasing information in one’s own words.
8. Engage in authentic inquiry experiences about the distinct and unique cultural heritage of American Indians.
THE LIBRARY MEDIA AND INFORMATION LITERACY STANDARDS FOR NINTH THROUGH TWELFTH GRADE

1. Build new knowledge by inquiring, thinking critically, identifying problems, and developing strategies for solving problems.
   a. Formulate essential questions through reading, constructing hypotheses, research questions, and thesis statements.
   b. Refine questions to provide a framework for an inquiry and to fulfill the purpose of the research.
   c. Design questions that systematically test a hypothesis or validate a thesis statement.
   d. Develop questions that require making connections between ideas and events.

2. Demonstrate an understanding of and commitment to inclusiveness and respect for diversity in the learning community, including the distinct and unique cultural heritage of American Indians.
   a. Share relevant information to contribute to the learning of others through discussions and presentations.
   b. Contribute opinions and supporting evidence to group deliberations.
   c. Listen to opinions and evidence of others.
   d. Ask and respond to questions in group exchanges of ideas.
   e. Identify the value of and differences among potential resources and differing points of view.
   f. Actively seek the opinions of others and contribute positively to an environment in which all participants' ideas are shared and valued.

3. Work effectively with others to broaden perspectives and work toward common goals.
   a. Seek ideas and opinions from others.
   b. Describe ideas of others accurately.
   c. Participate in discussions to analyze information problems to suggest solutions.
   d. Work with others to select, organize, and integrate information and ideas from a variety of sources and formats.
   e. Seek consensus from a group, when appropriate, to achieve a stronger product.
   f. Apply conclusions or decisions to new situations.
   g. Model social skills that advance a team's ability to identify issues and problems and work on solutions.
   h. Work with others to solve problems and make decisions on issues, topics, and themes being investigated.

4. Make meaning for oneself by collecting, organizing, and sharing resources of personal relevance.
   a. Review the initial information need to clarify, revise, or refine the questions.
   b. Recognize that the purpose of an inquiry determines the type of questions and thinking required (e.g., defend a position in an historical context, design questions to test a hypothesis).
   c. Generate specific questions to focus the purpose of the research.
   d. Refine questions to provide a framework for the inquiry and to fulfill the purpose of the research.
   e. Independently pursue answers to self-generated questions.
5. Discover and innovate through experience and reflection.
   a. Assess emotional impact of specific works on the reader or viewer.
   b. Express ideas through creative products in multiple formats using a variety of technology tools.
   c. Select presentation format to effectively communicate and support a purpose, argument, point of view, or interpretation.
   d. Connect universal themes and ideas presented in various formats to the human experience.
   e. Create original products using a variety of technology tools to express personal learning.
   f. Use the most appropriate format to clearly communicate ideas to targeted audiences.

6. Exercise their freedom to read and demonstrate their ability to pursue personal interests.
   a. Select print, non-print, and digital materials based on personal interests and knowledge of authors.
   b. Read, listen to, and view information in a variety of formats to explore new ideas, form opinions, solve problems, and to connect to real-world issues.
   c. Routinely read, view, and listen for personal enjoyment, in order to learn, solve problems, and explore different ideas.
   d. Read widely to develop a global perspective and understand different cultural contexts.
   e. Actively preserve the rights of self and others to express ideas freely and pursue the right to read, view and listen.

7. Demonstrate safe, legal, and ethical creating and sharing of knowledge products.
   a. Follow fair use guidelines for text, visuals, and music in generating products and presentations.
   b. Practice responsible use of technology and describe personal consequences of inappropriate use.
   c. Demonstrate understanding of plagiarism by paraphrasing information or noting direct quotes.
   d. Credit all sources properly.
   e. Respect privacy of others.

8. Engage in authentic inquiry experiences about the distinct and unique cultural heritage of American Indians.
