

## Final Allocations for ARP-HCY I

ARP-HCY I Allocations were distributed to 18 school districts across the state. Of the 18 recipients, 14 of these were selected because they were recipients of the OPI’s McKinney-Vento subgrant during the 2020-2021 school year. The additional four districts, denoted in italics, were invited to apply for grant funds in a modified competitive process because they reported “significant concentrations” of students identified as homeless during the 2020-2021 school year. The additional four districts were not recipients of a McKinney-Vento subgrant in the 2020-2021 school year.

District	ARP-EHCY I Allocation
Belgrade Elementary	\$8,174
Billings Elementary	\$56,174
Bozeman Elementary	\$12,974
Browning Elementary	\$28,454
Butte High School	\$16,214
