

Title III Grant Application Checklist

Title III grant funds are provided to districts in order to supplement the education of English Learners (See: [Title III Use of Funds](#)).

In order to qualify for Title III funding, districts must meet certain requirements as laid out in ESSA (See: [Title III Grant FAQ](#)) and collaborate with the OPI's Department of School Innovation and Improvement. Under the [Title III State Formula Grant](#), schools may obtain funds even when they do not have enough EL students to meet the monetary requirements by forming or joining a consortium with one or more other districts (See: [Consortium Guidelines for Title III](#) and [Current List of Title III Districts and Consortiums](#)).

Qualifying for Title III funds generally takes two years, as districts must document their identification and service of ELs. This checklist should serve as a short reference for districts to track their completion of all necessary steps.
