Notice of Additional Public Comment Meeting; December 8, 2022, 4:00 p.m. - 5:00 p.m. via Zoom

Dear Partners in Education,

The Montana OPI is preparing to submit the Initial 1% waiver request per the OSEP memo sent to states on September 20, 2022. The Montana Office of Public Instruction (OPI) has adopted alternate academic achievement standards for students with the most significant cognitive disabilities. Montana OPI does measure the achievement of those standards with an alternate assessment aligned with alternate academic achievement standards (AA-AAAS). Federal regulation 34 C.F.R. 200.6(c)(2) requires that, for each subject for which assessments are administered, the total number of students assessed in that subject using an alternate assessment with alternate academic achievement standards may not exceed 1% of the total number of students in the State who are assessed in that subject.

The federal Every Student Succeeds Act (ESSA) caps the percentage of students who can take the alternate assessment at 1% of the total students tested. The ESSA also allows states that may exceed the 1% cap to apply for a one-year waiver. Montana has not requested the waiver previously. However, Montana Office of Public Instruction (MT OPI) believes the waiver may be necessary for the 2022-2023 school year.

Therefore, the Montana OPI is seeking public comment on the 1% OPI waiver. Please note that responses will be considered formal public comment. The Montana OPI has scheduled a virtual webinar that will be open for public comment at two different times to seek public input. Public comment may also be submitted to the following email at OPI: OPIMSAAWaiver@mt.gov
