# GUIDANCE ON ALLOWABLE AND UNALLOWABLE EXPENDITURES

**LEAs should take the following steps to determine if a proposed program or activity is allowable under Title I, Part A:**

Verify that proposed Title I, Part A activities are reasonable and necessary considering the amount of money being spent and the needs of the program. (2 CFR 200.403(a))

- Reasonable: consistent with prudent business practice and comparable current market value.
- Necessary: required to carry out the intent and purpose of the Title I, Part A program.

Ensure that the identified needs are listed in the school's Title I, Part A Plan, and that the proposed program or activity addresses the identified needs.

For nonpublic schools, confirm that the LEA Affirmation of Private School Consultation Form indicates the need for the proposed Title I, Part A activities.

Ensure that the activity is not one of the prohibited activities in ESEA Section 8526, as amended by the ESSA.

## TITLE I-A: IMPROVING BASIC PROGRAMS OPERATED BY LOCAL EDUCATIONAL AGENCIES

Montana Office of Public Instruction

# ALLOWABILITY CONSIDERATIONS

- **Be used to supplement, not supplant, state and local funds**
  - Title IA funds may not be used for activities that are required by federal, state, or local law or regulation
  - LEAs must use a Title IA neutral budget methodology to allocate state and local funds to schools. This budget methodology must provide each Title IA school with all of the state and local money it would receive if it did not participate in the Title IA program.
- **Be consistent with the intent and purposes of Title IA**
  - How does the proposed activity close achievement gaps for students?
  - How does the proposed activity increase achievement of students identified as having the greatest need for assistance?
  - Schoolwide Program: How does the proposed activity improve the educational program of the entire school and increase achievement of all students?
- **Be reasonable and necessary to carry out the purpose of the grant**
  - What is the identified need that this proposed activity is meeting?
  - How was this need determined? Is there data available to support this identified need? What data sources were consulted and what did those sources reveal?
  - What is the breadth of impact that this activity will have?
  - Are all associated costs reasonable?
  - Do the involved parties (schools, principals, teachers, etc.) have the capacity to engage in and/or implement this activity right now?

# **TITLE III GENERAL INFORMATION**

## **PURPOSE OF TITLE III**

- Title III assists ELs, including immigrant children and youth, to develop English proficiency and to meet the same challenging state academic standards that other children are expected to meet.
- Schools must use Title III funds to implement language instruction educational programs that are keyed to the overall standards. SEAs, districts, and schools must report the English proficiency and core academic content knowledge of ELs.
- Title III has a dual purpose: to help ELs meet the same state academic achievement standards applicable to all students, and that they develop proficiency in the English language. These goals are closely related but distinct.

The SSAE program is intended to improve students' academic achievement by increasing the capacity of state education agencies, local education agencies, and local communities to provide all students with:

- **Access to a well-rounded education**
- **Improve school conditions for student learning, and safe & healthy students**
- **Effective use of technology to improve the academic achievement & digital literacy of all students**

Montana uses a formulary grant to ensure all LEAs in MT that received Title I allocation in the previous school year receive funding under Title IV Part A, with a minimum award of \$10,000.

# Things to remember:

## If your allocation is **\$30,000 or more**:

1. Your district must do a needs assessment at least once every 3 years. The needs assessment must be done before making any decisions about transferring funds. You will need to complete the **needs assessment description in the Title IV-A application**, even if transferring funds. The Needs Assessment Description box is located on the **Program Detail, Program Objectives** page.
2. Your district must spend a minimum of 20% to provide Well-Rounded Education programs and activities, a minimum of 20% on activities to provide for Safe and Healthy Students, and at least 1% to improve the Effective Use of Technology. Remember that within technology there is a 15% cap on spending for devices, equipment, software and digital content.

## If your allocation is **below \$30,000**:

- Your district may spend on activities in one, two, or three of the categories. If districts chose to spend in the Effective Use of Technology area, once again there is a 15% cap on spending for devices, equipment, software and digital content. (Unless using Reap Flex, which will be described on the next slide)

**For all allocations:** Equitable share for private schools is applied after transferability rules applied

# CONTINUING FOR 2025-26

## Small Rural School Achievement (SRSA) Eligible LEAs:

ESEA section 5211(a) allows SRSA-eligible LEAs greater flexibility in spending their Title IV, Part A funds. Title IV-A funds may be used for activities under certain ESEA programs, but are not subject to all the rules and requirements of these programs. LEAs may use Title IV-A funds to pay for activities under any of the allowable uses for SRSA grant funds. LEAs do **not** need to apply for (or receive) SRSA funds to exercise the alternative use of funds authority(AFUA). See Funding tab of main ESEA application for additional information on SRSA and Reap-Flex.

**Specific to Title IV-A:** Small Rural Schools Achievement (SRSA) eligible school districts may use Alternate Funds Use Authority (AFUA, often called REAP Flex) to waive the 20%-20%-1% use of funds rule and remove the 15% cap on Technology Infrastructure. SRSA eligibility list is [linked here](#).

There will be a Checkbox on the **Allowable Uses** page to use AFUA or REAP-Flex within Title IV-A.
