 Use an apostrophe ' before number for both Excel and upload in TFS

• Often in Excel you will need to have a number with a leading zero.

- Using an apostrophe ' before the number holds the zero.
- \odot This is important for TFS upload in MAEFAIRS and E-Grants.
- Example: 0731 reverts to 731 in the excel sheet, use ⁶0731 to hold the zero.
