Renewal & Withdrawal

Withdrawal or Termination

Parents may re-enroll their student in public school at any time, which will effectively terminate the ESA.

The Office of Public Instruction will remove a student from eligibility under the following circumstances:

- If a student re-enrolls in a public school district. Under this circumstance, the parent should notify OPI of the new enrollment.
- If a parent fails to comply with the terms of the signed contract.
- If a parent knowingly misuses account funds.
- If a parent knowingly fails to comply with the term of the contract with the intent to defraud.

Termination Process:

Under the above circumstances, the parent will be notified in writing that the student may be terminated from the program and no further reimbursements will be allowed after termination. The notification will include the reason for the termination.

The parent has 10 business days to respond. A parent may appeal OPI's decision by notifying the OPI in writing. A parent may also appeal OPI's decision under the Administrative Procedure Act.

If the parent refuses or fails to contact OPI within the 10-day period, then the student will be removed from the program.

Fraudulent use of account funds may result in the case being referred to the Attorney General for investigation.

FAQ

1. What if I have two qualified students who want to participate from the same household?

A parent may have more than one student enrolled in an ESA program. The parent will need to submit an application for each student, and sign a contract for each individual student, as well as submit reimbursements for individual students. Funds cannot be shared between students.

2. What happens if a student is determined ineligible for the ESA program?

The legislation does not allow for an appeal process for eligibility. Parents may reapply during the next application window.

3. If we lived in Montana, and my student was not enrolled in a MT public school the prior year, what are my options for participating?

- a. The law requires that a student was counted during the previous school year for purposes of school district ANB funding;

- i. was enrolled during the previous school year in a program listed in subsection (7)(b);

- ii. did not reside in the state in the previous school year; or

- iii. is eligible to enter a kindergarten program pursuant to 20-7-117.

4. What happens if an expense is denied reimbursement?

If a parent believes that an expense was incorrectly determined ineligible, the parent may request a review by informing OPI in writing within 10 days of denial. The parent may provide additional documentation to show eligibility of the expense. OPI's decision will be final for reimbursement determinations.

5. My child doesn't have an IEP but has a designation/ diagnosis for a disability, are they eligible?

To determine eligibility, the OPI will review documentation that confirms that the child meets the "child with a disability" under the IDEA Act, 20 U.S.C. 1400, et seq. This documentation is an evaluation report (or corresponding IEP or private school plan) performed by an evaluation team.

6. What is the status of my application?

The parent will receive an email confirming the receipt of the application. OPI will notify the parent of eligibility within 30 days of the application window closing date. If the parent does not receive notification of receipt of a determination within 30 days of the application window closing, please contact Whitney Williams at opiesa@mt.gov.

7. How will I be notified?

Parents will be notified via email for the receipt of application and confirmation or denial of eligibility. Parents will receive a contract to sign upon confirmation of eligibility. Postal mail notifications can be provided if requested by the parent. If a parent is determined ineligible, OPI will notice the parent in writing.

8. How much money is available per year for allowable reimbursement?

Qualified Students are those identified as a “child with a disability” under the Individuals with Disabilities Education Act, 20 U.S.C 1400, et seq, and may be eligible for reimbursement of allowable education expenses. The purpose of this program is to provide flexibility for parents in their child’s education.

To be eligible, students must have been enrolled in a public school during the previous school year and counted towards ANB purposes. Copies of a child’s disability qualification documents (evaluation report, IEP, or private place service plan), completed by the resident school district, along with two proof of residency documents will need to be included with the application. Please ensure the documents provided to OPI are signed by all parties.

Applications for the ESA program will be available on the website twice a year, from May 1 to June 1 and November 1 to December 1. OPI will notify parents within 30 days of the application window closing dates, June 1 and November 1, and will provide a contract for the parent to review and sign.

An ESA Program Application is required for each student. Custodial Parent/Guardians applying for multiple students, please submit one application per student.
