SUMMER CONFERENCE

Personnel Reporting in IC

Nicole Thuotte

EDUCATE—Office of Public

Instruction

Session Description

Who are these people, what do I do with them and where does this information go? Your comprehensive guide to personnel reporting in Infinite Campus – and a mapping of how personnel data entered in Infinite Campus is used.

Personnel in Infinite Campus

Who is required to be entered in Infinite Campus:

Any staff member employed or contracted by the district to provide services to students.

Includes:

- Teachers
- Administrators
- Administrative Assistants
- Special Education Service Providers
- Substitutes
- Short-Term Workers
- Food Service Workers
- Bus Drivers
- Short-Term Workers

Personnel in Infinite Campus

Why are we entering school district staff in the student information system?

- Streamline data reporting – one system
- Allows the assignment of staff to districts, schools, students and courses for Accreditation, Special Education, Career and Technical Education, School Finance, etc.

What Do We Collect?

- Employment Dates
- Assignment District and/or School(s)
- Full-Time Equivalent (FTE)
- State Assignment Code
- SPED Level
- Specialized Role(s)
- Supervisor(s)
- Credentials

Assignment Code Matrix

The State Assignment Code Matrix outlines the position codes used for identifying the role of school district employees. The Matrix contains information on the following:

- Position Code
- Description
- Definition – New for 25-26!
- QEC Eligibility
- Level
- FTE Requirement
- Other Required Fields
- Credentials (Licensure/Certification, SPED, Paraprofessional)

Assignment Code Matrix

Position Code

Position Codes are based on the role of the staff member within the district.

Position Codes are used in the following ways:

- Eligibility for Quality Educator Payment
- FTE counts for Accreditation
- Special Education requirements

Position Codes are grouped using the first two letters of the code:

AD = Administration

DS = District Staff

PC = Program Coordinator

PP = Paraprofessional

RT = Retired

SE = Special Education

SP = Specialized Personnel

TC = Teacher

Assignment Code Matrix

Some codes “go with” other codes:

- DS11: Extra Duty— Requires Educator License
- DS12: Extra Duty— No License Required
- DS13: Extra Duty— Requires Professional License

These positions are for stipends in addition to regular salary, not including Coaches or Extracurricular Staff

Assignment Code Matrix

Assignment Codes must reflect the duties of the individual in the position – not necessarily the qualifications of the person fulfilling the position.

Example: A classroom teacher should have a State Assignment Code of TC01: Teacher– General Education. A teacher who is not properly licensed and endorsed will be flagged as ineligible for a Quality Educator Component and may show up in Accreditation as a deviation (exceptions for emergency authorizations).

Assignment Code Matrix

Descriptions and Definitions

Descriptions and Definitions are designed to give more information about specific position codes.

Example:

Position Code – SE16

Description – Interpreter

Definitions – Provides services to children who are deaf or hard of hearing, including oral transliteration services, cued language transliteration services, and sign language interpreting services.

The Description provides some detail about the position code, but, in this case, the Definition further limits the code to interpreters for deaf and hard of hearing children. Other language interpreters should be assigned Position Code PP03 – Bilingual/ESL Instructional Paraprofessional.

Assignment Code Matrix

Eligible for Quality Educator Payment

These are the *position codes* eligible for Quality Educator Component (QEC).

Individual eligibility depends on these factors:

- Educator properly licensed and endorsed by December 1
- Emergency authorized educator licensed by December 1, no more than 3 years
- Professional licensure active on count date

NOTE: An educator listed on a QEC validation report in Infinite Campus is no guarantee that the individual will be included in the district's QEC payment (must meet one of the criteria listed above)

Assignment Code Matrix

Level

- SCHOOL
- DISTRICT
- COOPERATIVE

Some position codes require an assignment to a particular school for Accreditation purposes (e.g., Principal, Library, Counseling, Teacher) or State/Federal Reporting (District Clerk, Paraprofessionals). Other staff may be assigned to the “district” (coach, bus driver, administrative assistants).

Cooperatives should only use position codes indicated as COOPERATIVE.

Assignment Code Matrix

District Level Assignments

There are three options in Infinite Campus for District Level Assignments:

- District Level EL
- District Level HS
- District Level K-12

Infinite Campus is set up by SYSTEM, but Personnel are reported by LEGAL ENTITY.

Use the District Level EL/K-12 code to report staff for are District Level for your elementary or K-12 Legal Entity.

District Level HS is only available in districts with more than one high school.

District Edition IC Users:

There are times when a school level assignment is required for functionality, but not for state reporting (e.g., Behavior, Food Service). There are two options:

1. Split the FTE between the School Assignments; OR
2. Mark the School Assignments “Not State Reported” under MT Titles and create a District Level Assignment for state reporting.

Assignment Code Matrix

FTE Required

District **must** enter FTE for assignments where FTE is required.

District **should not** enter FTE for assignments where FTE is not required.

How do you know if you've made a mistake?
Run the Personnel Validation Reports!

Assignment Code Matrix

District Assignment Fields Required

This column indicates the additional requirements entered on the **District Assignments** tab:

- School (includes District Level EL/HS/K-12)
- Start Date (first date the individual was in the position – important for QEC eligibility)
- State Assignment Code (column A/B)
- FTE (where required only, ***max of 1.0 per assignment***)
- Supervisor checkbox (allows the individual to be assigned as a supervisor)
- Special Ed checkbox (required for special education staff, also used to assign individuals as Team Members to an IEP)
- MT Titles (used to indicate either a Coordinator or specialized role within a State Assignment Code, Special Education Cooperative Staff, to indicate Cooperative itinerant staff, or exclude from state reporting)
- Supervisors dropdown list (person assigned as the staff member's supervisor)
- MT Sped Level (either PK or K-12, split FTE if serving both)
- Teacher (allows the staff member to be assigned to a course)

Staff Entry Considerations

Staff Data is Used For:

- State and Federal Reporting
- Accreditation
- Compensation Expenditure Reporting in MAEFAIRS

Staff data in Infinite Campus is entered by School System, but reported for Accreditation and MAEFAIRS by Legal Entity

Staff Entry Considerations

Accreditation

There are staffing requirements for certain positions:

- Superintendent – FTE requirement based on FTE of licensed staff
- Principal – FTE requirement based on combination of FTE of licensed staff and enrollment by school
- Counseling – Districts with less than 126 in enrollment may contract, utilize a consortium, or interlocal cooperative. FTE is $.0025 \times \text{enrollment}$, up to 400 students (1.0 FTE at 400).
- Library – FTE requirement based on enrollment in school. Districts with less than 126 in enrollment may contract, utilize a consortium, or interlocal cooperative.
- Curriculum - Districts with 100 or more licensed FTE must employ a fulltime curriculum coordinator. Districts with less than 100 licensed FTE
 - may contract, utilize a consortium, or interlocal cooperative, or
 - employ a part-time coordinator.

Staff Entry Considerations

MAEFAIRS

What Legal Entity (LE) is the staff member's salary paid from?

Errors on Compensation Expenditure Reporting when the staff member is paid from one LE and assigned to another in Infinite Campus.

Suggestions:

Reconcile HR reports (with FTE) to Infinite Campus Personnel Reports.

Ensure that HR is aligned to:

- The duties of the individual
- The Legal Entity/Entities from which the staff member is being paid
- The requirements for Accreditation

Review these considerations prior to Fall Personnel Reporting – changes should not be made to accommodate current collections

Infinite Campus Reports

Common Validation Errors

- Missing SEID (Staff State ID) – use TMT to generate SEID
- Missing District Assignment
- Missing FTE – review Matrix to determine which State Assignment Codes require FTE
- Assignments that have FTE where FTE is not required – remove FTE from Assignments that do not require it
- Contractors and SPED Cooperative Staff with FTE – FTE should not be entered if a staff member is identified as a Contractor or SPED Cooperative Staff
- District Assignment not school level – certain State Assignment Codes require assignment to a school (District Level not allowed)
- Expired/Missing Credentials – ensure that Credentials are entered where Staff State ID requires it and update DLI Credential License Expiration Dates

Infinite Campus Reports

QEC Reports

QEC reports are based on the Fall Count Date. *Assignment to a QEC eligible position is no guarantee that a district will receive a QEC payment*

- Educators must have a valid license issued by 12/1 in the current school year
- DLI licensed professionals must have a License Issue Date effective on the Fall Count Date
- Emergency authorized staff must have a license issued by 12/1 in the current school year and not have an emergency license for more than 3 years in the same Legal Entity (LE)
- Staff State ID must match the SEID in TMT
- DLI Credentials must be properly entered (verify Issue Date, End Date (License Expiration Date) and License Number)
