

2026-2027 Early Targeted Interventions Home-Based Program (Early Literacy & Early Numeracy)

This process is to be completed for all students participating in an Early Targeted Intervention Home-Based Program during the school year. Please visit our [Early Targeted Interventions page](#) for more information.

IMPORTANT: Students who are assessed and deemed eligible for Early Targeted Interventions for Jumpstart, Classroom-Based or Home-Based programs but do not participate in any of the programs should still have an eligibility record entered in Infinite Campus.

Create Eligibility Record(s)

PATH: Student Information>State Programs>Early Targeted Interventions

NOTE: Eligibility records (Literacy or Numeracy) are valid for all Early Targeted Interventions program enrollments of the applicable year (Jumpstart, Classroom-Based, and/or Home-Based).

1. Search for a student.
2. Navigate to Early Targeted Interventions.
3. Click **New** to add a new record. Input items in this specific order:
 - a. School Year: Enter year eligibility applies to.
 - b. Enter Record Entry Date: Input date assessment was given.
 - c. End Date: Defaults to June 30 of the selected School Year.
 - d. Program Type: Select Early Literacy or Early Numeracy (program selection limits options for Domains and Methodology Tools).
 - e. State Grade: Enter the grade level of the assessment tool used to determine eligibility (grade selection limits options for Domains and Methodology Tools).
 - f. Eligibility Domain(s): Select all domains that indicate student eligibility.
 - g. Methodology Tool: Select the assessment given to determine eligibility. If Other, enter assessment name in Methodology Comments.
4. Click Save.

Program Information

To ensure accuracy and consistency, enter data working from top to bottom and left to right. The form includes dynamic logic to guide your selections and ensure accuracy.

NOTE: Program Type and State Grade fields must be populated with data prior to adding Eligibility Domain and Methodology Tool information.

School Year: (Required) **a** 26-27

Record Entry Date: (Required) **b** 04/16/2026

End Date: (Required) **c** 06/30/2027

Program Type: (Required) **d** 01: Early Literacy

State Grade: (Required) **e** 05: Grade 2

Eligibility Domain: (Required)
Select all that apply

05001CTA: Connected Text Accuracy (02, 03) **f** 05001LC: Listening Comprehension (01, 02)

05001VO: Vocabulary (01, 02, 03)

Methodology Tool: (Required)
All methodology tools need to be developmentally appropriate, research-based, cost-effective, and, if possible, aligned with formative assessments that inform instruction in the classroom-based program and the jumpstart program. 20-7-1803, MCA
Select Methodology Tool:

05001DIBELS: DIBELS 8th (01, 02, 03) **g**

Home Based Early Intervention Contact Information

Save Cancel

New for 2026-27 School Year: Home-Based Early Targeted Intervention will be indicated as a Program, rather than in the Enrollment (we will remove the indicators for Home-Based Early Intervention later this summer). The Program will include Start and End Dates for participation, an indicator of parent consent (and date of consent), as well as the Parent Contact fields currently in the Early Targeted Interventions eligibility record. It is recommended that districts wait to enter Parent Contact information until the new Program section is available, but there will be a process to transfer information from the Eligibility to the Program – if districts choose to enter that information now. This guide will be updated to include the new Program requirements as soon as it's available.

Home-Based Early Targeted Intervention Program

The home-based intervention program is designed to foster parental engagement and develop early literacy and/or numeracy skills in students at risk of not being proficient in reading or math by the end of 3rd grade. The OPI and BPE completed the request for proposal (RFP) process and awarded Waterford as the provider of the home-based intervention program.

Program Requirements

- Eligible child who is 4 years of age or older on or before September 10 and not yet completed 2nd grade.
- Program must be research-based and proven effective at developing skills in populations at risk of not being proficient at the end of 3rd grade.
- Access/license provided to school districts on a first-come, first-served basis.
- Programming contract has been awarded to Waterford.

Infinite Campus Requirements (students currently enrolled at the school)

1. The student must have an Early Targeted Interventions eligibility record for the current school year.
2. Students who have an enrollment in the regular school year (e.g., student is a regularly enrolled KG student) will not need to create a second enrollment to indicate Home-Based participation.
3. Participation information will be recorded in the new Program record, including Start Date, End Date, Parent Contact Information, and Parent Consent. To facilitate this process, it is suggested that the [home-based consent/eligibility letter](#) be utilized..

Infinite Campus Requirements (students who do not have an enrollment at the school)

1. A separate calendar must be created for the Home-Based Early Targeted Interventions enrollments.
2. Each student in the program must have an enrollment in the Home-Based calendar with a state-grade of **PK to 2nd** and an **S: Partial** service type.
3. The student must have an **Early Targeted Interventions eligibility record** for the current school year.
4. Participation information will be recorded in the new Program record, including Start Date, End Date, Parent Contact Information, and Parent Consent. To facilitate this process, it is suggested that the [home-based consent/eligibility letter](#) be utilized.

Note: Home-Based Early Targeted Interventions has no ANB eligibility (program is paid from another source).

Home-Based Early Targeted Interventions Calendar Setup

Create Home-Based Calendar

PATH: Scheduling & Courses>Calendar Setup>Calendar Wizard

Step 1: Create Home-Based Calendar(s)

PATH: Scheduling & Courses>Calendar Setup>Calendar Wizard

1. Select **Create new Calendar(s) by rolling forward selected data or creating a new blank calendar** and click Next.
2. Select Year (26-27).
3. Enter Start Date and End Date (use fiscal year dates).
4. Select prior year Home-Based calendar(s)/school(s) to roll or select school(s) to add new calendar.
5. Click Next.
6. Check boxes to copy data from prior year calendar (if not copying from a prior year Home-Based Calendar, it's recommended to Create New Blank Calendar and add calendar attributes individually).
7. Click Run Wizard.
8. Refresh browser page and select 26-27 Home-Based calendar.

Calendar Wizard ☆

Calendar Wizard

Copy, Rollforward, or Create new Calendar-linked Data

This wizard will walk you through the creation of new school calendars by rolling data forward, or copying an existing calendar's structures and period schedule names in the new calendar.
Note: Creating calendars is a database intensive procedure. It can take a long time to complete, and may slow down peak hours.
