

# Montana Office of Public Instruction

The Montana Tobacco Free School Excellence Initiative (MTFSEI) was established in 2009 to help school districts and communities prevent and reduce tobacco use by promoting comprehensive tobacco free policy in schools.

**Tobacco use remains the leading cause of preventable death in the United States.<sup>1</sup>**

**More than one in four Montana high school students currently use some form of tobacco.<sup>2</sup>**

**Montana high school students have one of the highest smokeless tobacco user rates in the United States.<sup>2</sup>**

**Research indicates that 9 out of 10 smokers start smoking by age 18.<sup>1</sup>**

**Forty-Five percent of Montana high school students have tried vaping and 24% currently vape.<sup>2</sup>**

Comprehensive tobacco free policy builds a framework that reinforces tobacco free norms and attitudes and helps create a healthy school environment. Tobacco-free policies effectively support and encourage a tobacco-free lifestyle.

The list of school districts distinguished as Montana Tobacco Free School Districts of Excellence continues to grow as more districts adopt comprehensive tobacco free school policy. For more information or to inquire about adding your district to the list of Montana Tobacco Free School Districts of Excellence contact OPI at (406) 444-0785.

## Tobacco Use Prevention & Education Program

### School Districts with Comprehensive Tobacco Free School Policy

Number of Public School Districts in Montana	Number of School Districts with Comprehensive Policy	Percentage of Districts with Comprehensive Policy
<b>417</b>	<b>381</b>	<b>91%</b>
