

Budget & Education Working Group

April 24, 2024

Welcome

Tonight is an introduction to the Working Group, main discussion will be during the small group meetings.

Please keep your mics muted to reduce background noise

Please be respectful of everyone's opinions.

Everyone is here because they care about our students and our schools. Let's work together to make them even better!

Please drop any questions into the chat or email Katie at Katie.bloodgood@mt.gov

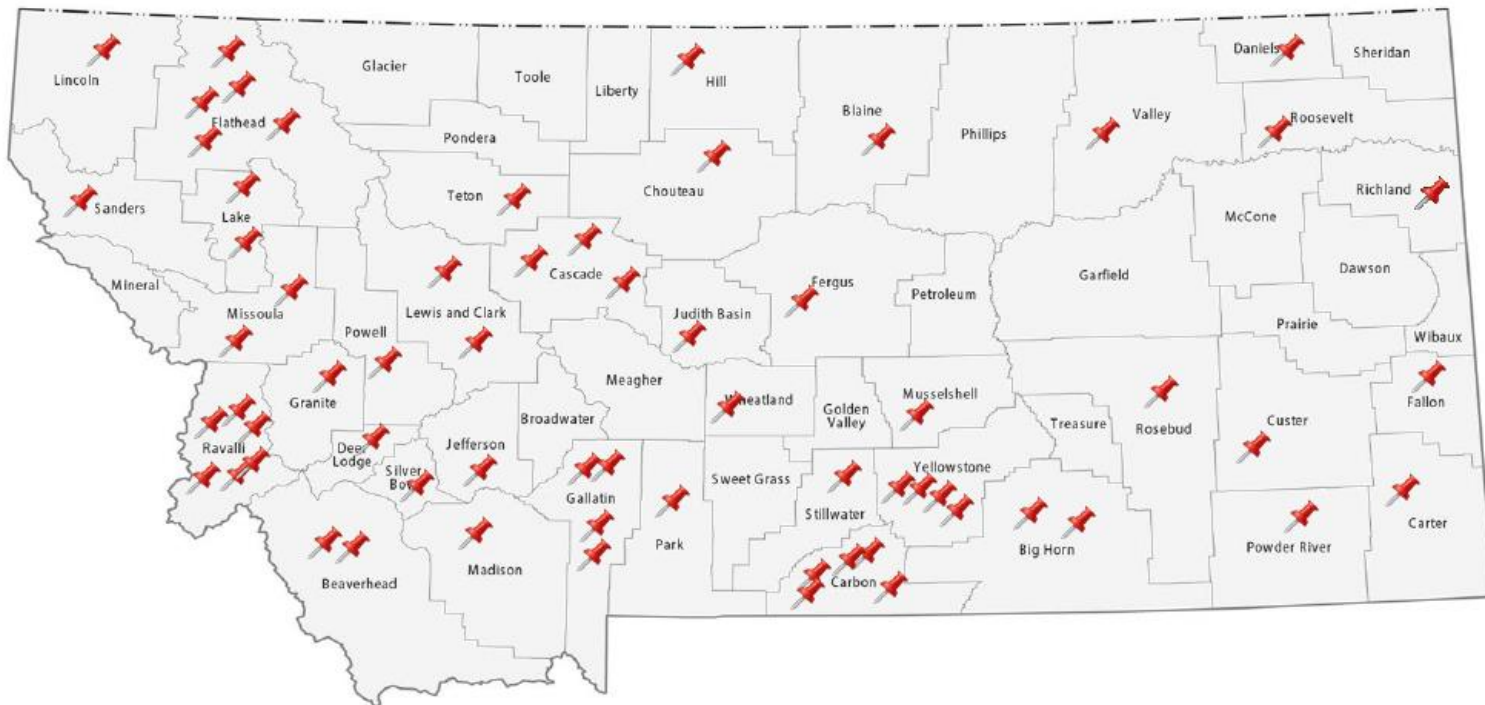

Who?

Over 170 Montana teachers, parents, taxpayers, school clerks, and superintendents submitted their names to be a part of the working group.

Budget & Education Working Group

As of 4/4/2024

What?

The OPI established the Budget & Education Working Group to gather information from the community and offer feedback that will serve as a resource for the legislature when considering education funding for the 2025 Biennium Budget and 2025 Legislative Session. OPI staff will provide a white paper and summary from the working group for the legislature.

This group will meet virtually 4 times before September to discuss the budget formula, ongoing budget discussion, and budgeting challenges our schools and community face while educating our students.

Due to immense interest, there will be seven breakout groups based on the areas of interest expressed on the application:

- Special needs students and programs
- Teacher pay, retention, & recruitment.
- Rural, population, & culture
- Sustainability & tax burden
- Programs & curriculum
- Funding formula
- School budgeting

Goal

The goal is to hear from You!

Not everyone is a budget formula expert, but that's good!

We want to hear the problems your communities are facing, but also creative solutions that will help students, teachers, and parents.

Think outside the box!

What solutions should our legislators consider going into the 2025 session?

FY 2024 BUDGETED FUNDS

Fund	Adopted Budget	% of Total Budgets	*Anticipated State Revenue	Anticipated County Revenue	Fund Balance Reappropriated	Anticipated Non-Levy Revenue	Anticipated Local Property Tax Revenue	% of Total Levy	Voted (V) or Permissive (P) Levy?

General Fund

The school general fund is defined as the fund used to account for the financing of a district's operation and maintenance costs not accounted for in another fund.

Some *examples* of general fund expenditures include salaries and benefits, supplies associated with pupil instruction, administration, support services to students, loans paid to the Board of Investments, and extracurricular activities not paid by the student activities fund.

Budget Levels

Budget levels are calculated based on state entitlements, driven by enrollment, number of educators and licensed professionals, and number of American Indian students. The basic and per-ANB entitlements, Quality Educator, Indian Education for All, American Indian Achievement Gap, At-Risk Student and Data for Achievement components, along with the district's special education funding, define BASE (minimum) and Maximum general fund budget limits.

ANB: In October and February of each school year, school districts report the number of students enrolled in their schools to the OPI. From these counts, ANB (Average Number Belonging) is calculated. The calculation is figured by computing the average enrollment (October and February counts) and then multiplying the average enrollment by the 187 and then divide by 180. ANB is then used to calculate the per-ANB entitlement, Special Education, Indian Education for All, and the Data for Achievement components. Together with the Basic Entitlement, At-Risk Student component, and the Quality Educator component, make up the BASE and Maximum general fund budget limits for the following school year.

Base & Maximum Budget

The BASE budget is the minimum budget that a district must adopt for its general fund. It is equal to 80% of the basic entitlement, 80% of the district's per-ANB entitlement, 100% of the Quality Educator component, 100% of the At-Risk Student component, 100% of the Indian Education for All component, 100% of the American Indian Achievement Gap component, 100% of the Data for Achievement component, 140% of the district's Special Education allowable cost payment, and includes the 40% of the district's prorated Special Education cooperative cost payment.

The Maximum general fund budget is the sum of 100% of the district's basic entitlement, 100% of the district's per-ANB entitlement, 100% of the Quality Educator component, 100% of the At-Risk Student component, 100% of the Indian Education for All component, 100% of the American Indian Achievement Gap component, 100% of the Data for Achievement component, between 175% and 200% of its Special Education allowable cost payment, and includes between 75% and 100% of the district's prorated Special Education cooperative cost payment.

BASE

State Funded (GTB)
State Funded

State Funded

GTB- *Guaranteed Tax Base*

Locally collected school dollars come mostly from property taxes.

Districts with bigger tax bases — high-value industrial or resort properties in their district — collect more money overall while putting less burden on individual taxpayers. Districts with smaller tax bases and/or more students have a harder time meeting their base budget.

The Guaranteed Tax Base program uses state dollars to supplement local funding to the BASE line budget, to help alleviate disparities.

The state funding formula assigns each district a “GTB ratio” that scores how wealthy the district’s tax base. That ratio is used to calculate how the shared portion is split between state and local tax dollars.

Now some Background on ESSER

Wendi Fawns – wendi.fawns@mt.gov

Budget Education Workshop
ESSER Funding \$605M for Montana Schools 2021-2024
ESSER Team: Partners in Education
April 24, 2024

Wendi Fawns, ESSER/EANS Director

o wendi.fawns@mt.gov or 406-437-8595

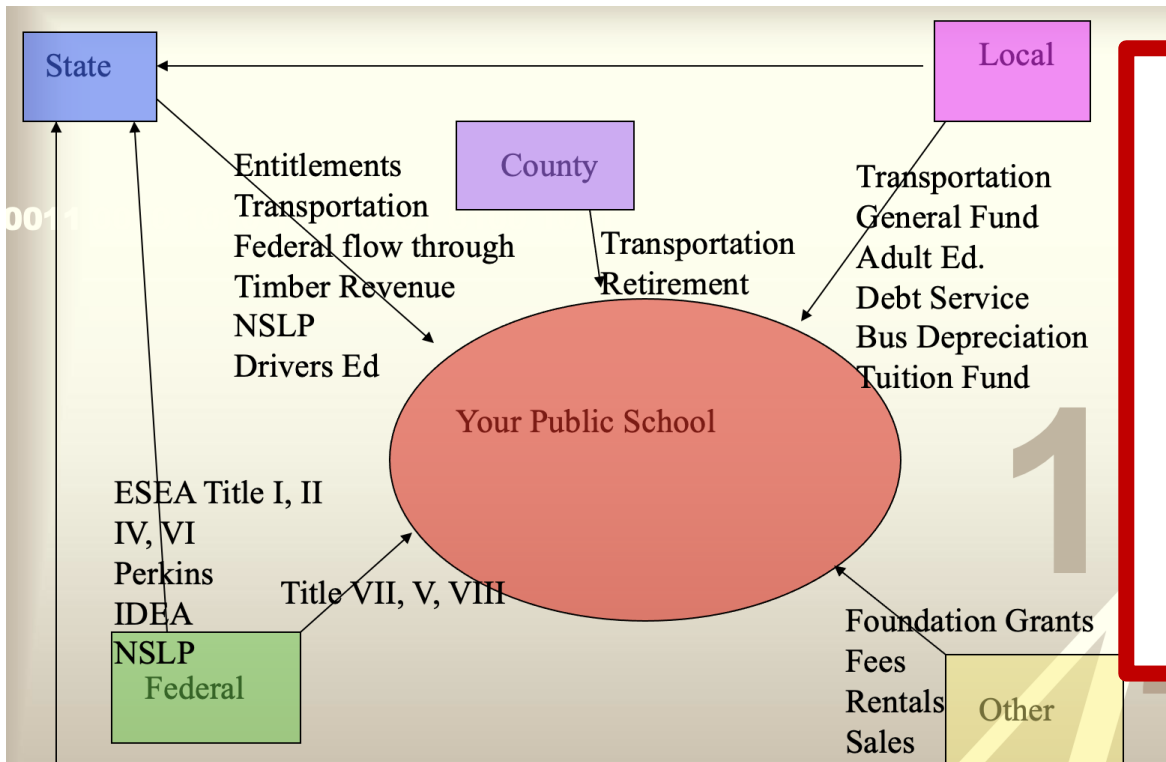

Rebecca Brown, ESSER Program Manager

o rebecca.brown@mt.gov or 406-437-4795

Allison Agostino, ELO Grant

o allison.agostino@mt.gov or 406-202-7685

Funding is intermingled

Braiding vs Blending

Blending	Braiding
Funding/Resources under single application	Intentional coordinated funding/resources
Often unable to tell what individual sources make up the support for the program	Each funding and resource maintains its full identity while contributing to the whole

First Layer
 What are the items are fundamental to the programming and outcome?
 Examples might be staff, facility, and students.

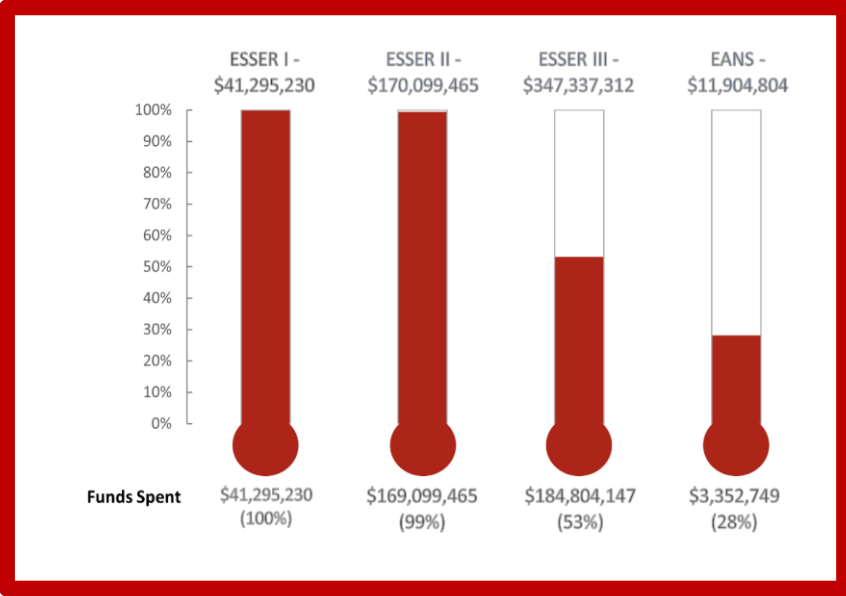

Second Layer - General Enhancements
 What enhancements to the first layer of resources would benefit the program? What could be added to enhance outcomes by number achieved or by breadth? For example staff from multiple backgrounds and students from different schools both might increase publicity, professional development, and eventual capacity building.

Third Layer - Target Enhancements
 What resources are needed for the target audience to enhance their specific outcomes? For example, special education and first aid certified staff, dyslexic readers, and individual cooking kits for differing size/age students. The third layer may not be required but is highly desired and target focused. These target enhancements may increase program costs but may also increase outcomes and future

Braided together the layers of funding strengthen and sustain the programming effort. ESSER funds pay for staff, facility, and recruit students. Second layer of resources supplied staff through local clubs and colleges while private donor fund dyslexic programming supplies. After a year of effort the outcomes are reported to Sodexo Stop Hunger and Youth Serve America for continued supply funding while Second Layer diverse staffing efforts continue to supply staffing, recruit students, and cover facility.

Expect to Braid and intentionally build stronger sustainable pathways (fiscal, operational, technical)

ESSER-Funds Awarded, Timeline, Status

Allocated based on formula to all public and nonpublic schools in Montana.
 Flexible spending requirements, managed as a three phased grant by the schools and uses are amendable.
 Requirements include annual report, relate spending to covid/post conditions, public engagement, [FAQ allowable](#).

ESSER Transitioning - Areas of Impact

- Stressful – winning the lottery ?
 - Large and many options
 - Transparency - allocation and use
 - [E-Grants public access](#) – Grant Management portal
 - [Funding status by school](#)
 - Grant assistance Monday - Saturday
 - **Remaining funds**
 - \$150M school funds
 - \$3.5M ELO (summer/after)
 - Schools, nonprofits, partnerships

ANNOUNCEMENTS

E-GRANTS TIPS
-- Refer to "How to Access Grants in the E-Grants System" in the TRAINING section for guidance on how to view and create applications, program reports and intents to apply.
-- Refer to the "E-Grants Security User Guide" in the TRAINING section for guidance on new user accounts, removal of users, and role modifications to existing accounts. Descriptions of the available roles are under ACCOUNT INFORMATION below.
-- Existing users that need to change a name or email address should send an email to egranits@mt.gov providing the new name and/or email address. Changes will be completed by OPI E-Grants staff as soon as possible.

INFORMATION

WHO DO I CONTACT?
If there are questions about your grant application, please contact the appropriate program or accounting specialist. A full list of contact information may be found here
[OPI Grant Program Contacts](#)

Please email the E-Grants Security Help Desk at egranits@mt.gov with any questions regarding your E-Grants account, user name, or password.

UPCOMING

April 2024

July 23, 2024 - August 9, 2024
2024 Federal Programs E-Grants Summer Workshops
(All workshops are 8:30 a.m. - 3:00 p.m.)

- July 23 - Helena (Helena College)
- July 30 - Laurel (Laurel Middle School)
- July 31 - Glendive (Dawson High School)
- August 1 - Glasgow (Glasgow High School)
- August 2 - Lewistown (Fergus High School)
- August 6 - Havre (TBD)
- August 7 - Kalispell (Glacier High School)
- August 8 - Missoula (Learning Lab)
- August 9 - Missoula (Missoula High School)

What can ESSER be Used For?

Various ED guidance documents state that addressing challenges that existed *before* the pandemic can be a reasonable *response to the pandemic*.

- [ESSER and GEER FAQs December 2022](#)
- diverse needs **arising from or exacerbated by the COVID-19 pandemic, or to emerge stronger post-pandemic**, including responding to students' social, emotional, mental health, and academic needs ...p. 9
- Implementing or expanding art programs, sports programs, or clubs. C-3
- Improving existing data systems. C-12
- Sustaining and maximizing enrollment in existing summer programs. C-25
- Continuing to pay existing employees and contractors. D-3
- ED says SEAs and LEAs can use ESSER funds for mental health services and support for students that were experiencing trauma *before* the pandemic. C-14
- Curriculum, including related professional development. ([ARP Public Safety Guidance](#), pp.5-6)

The cliff and planning

- [ELO grant](#) available after and summer school setting
 - Very flexible, math and reading
 - cooking, book clubs, landscaping, facility design, building
- Develop an idea, map it out, present
 - Seek to use remaining ESSER to avoid cliff – Braid to the Future
 - Think creatively, let the system tell you ‘no’ and then petition
- Education Matters – use your valuable KSA
- Engage through ~~funding~~ Resource knowledge
 - Promote and share out to build support

Promoting Partnership of ESSER Funds

- Community Partner with District
- Be public with everything ESSER allows you to accomplish - show student gain.
 - Publish your plan, and take progress pictures ...
- Bring in the newspaper or TV station, show all that is being achieved.
- Host events and give tours, so public can come in and see ESSER success.

WHY?

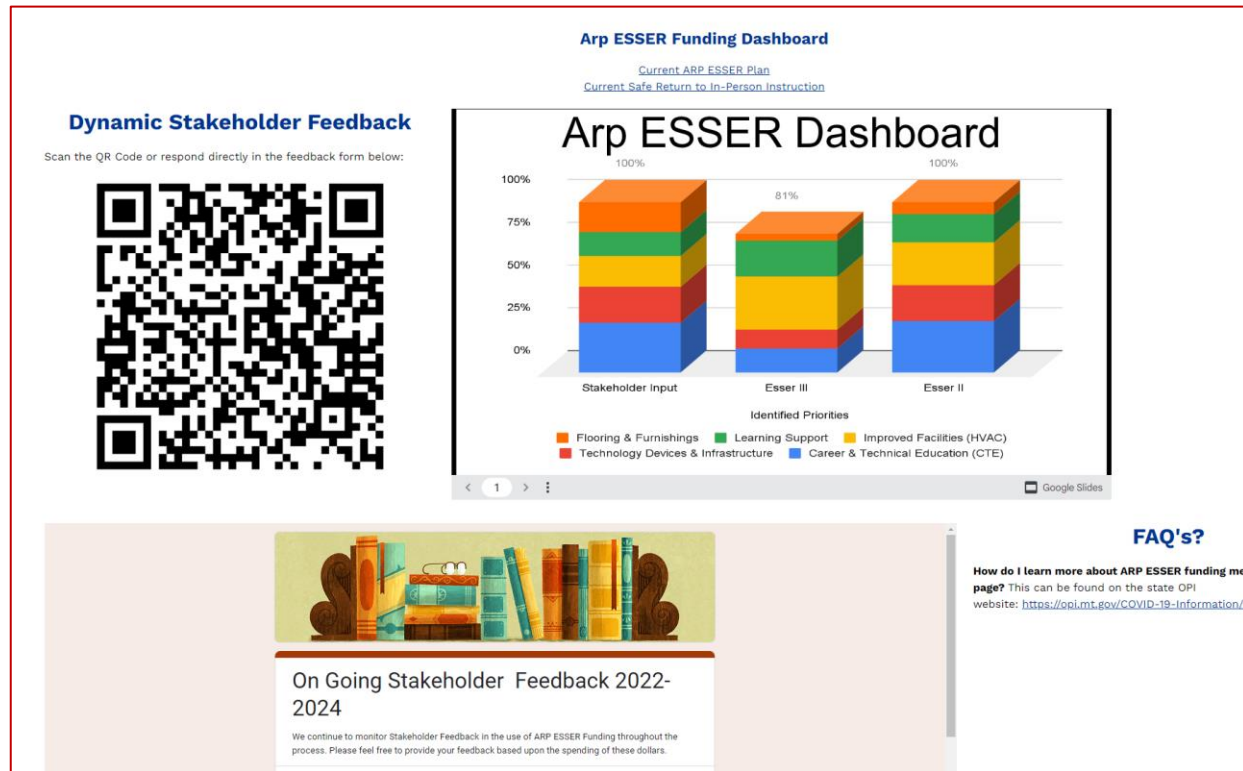

- If the community has a partnership and a vested interest in success, then the ESSER funding “cliff” won’t pose a threat.
- In Montana, **our communities make us strong**. And community support will ensure program carries on after the federal monies stop.

An ESSER Website and Parent Survey

THANK YOU to **Diane Woodard**, Superintendent of Victor School district

- Victor School District developed and implemented a survey and then website dashboard to demonstrate ESSER spending.

Resources at OPI.MT.GOV

Welcome to the Office of Public Instruction

OFFICE OF THE SUPERINTENDENT

Superintendent Elsie Arntzen is proud to serve our Montana families, students, and teachers. **Families are the foundation of learning as our parents are our first teachers.** Our students are our most precious resource and the future of this great state. As a teacher of 23 years, the Superintendent knows the importance of quality educators in the classroom and is working to ensure Montana teachers have the flexibility needed to put our Montana students first.

The Montana Office of Public Instruction (OPI) is charged with the responsibility of providing technical assistance in:

- School Finance
- School Law
- Teacher Certification and Licensing
- School Accreditation
- Teaching and Learning Standards

The OPI staff administer a number of federally funded programs and provide a variety of information services, including the information systems necessary to assess student achievement and the quality of Montana's elementary and secondary school systems.

Elementary & Secondary School Emergency Relief (ESSER)

Welcome to the Emergency American Rescue Plan (ARP) and Elementary and Secondary School Emergency Relief (ESSER) webpage for the Office of Public Instruction

Superintendent Elsie Arntzen is proud to serve our Montana families, students, and teachers through the administration of the ESSER education funding of just over \$605 million. [Each district was awarded](#) ESSER funding based on Title I student count. Across the state, Districts are using ESSER funding in innovative, valuable ways, enabling schools and their partners to implement highly effective and beneficial programs. The countdown is here with ESSER I (CARES) expiring 2022, ESSER II (CRSA) expiring 2023, and ESSER III (ARP) expiring 2024 ([comparison chart p.4](#)). OPI has established a system of support to ensure grant funding compliance and provide advocacy in use of funds.
