Transmittal Education Update

February 28, 2023

Travel safely and see you all on March 9, 2023!

MESSAGE FROM THE SUPERINTENDENT

It has been an honor working with all of you during my tenure as Montana's Superintendent of Public Instruction. As the legislature prepares for transmittal, I have compiled informational updates on major activities from the Office of Public Instruction (OPI), Land Board Commission, and education-related legislation.

There have been many successes that put our Montana students, families, and school families first during the first half of this session. The Base Aid requirements ([HB 15](#)), the most basic promise to our schools is heading to the Governor's desk for his signature as of February 17, 2023. There was strong backing for our Montana teacher licensing fees used to support the TeachMontana licensing system during the joint subcommittee on education ([HB 2](#)). Our ask for one-time-only funding for audiology equipment has also been added to HB 2. Our Montana students will have more access to mental health treatment due to the unanimous support in the House for tuition reimbursement to mental health facilities ([HB 171](#)). This bill is now awaiting executive action in the Senate Education and Cultural Resources Committee as of February 17, 2023. I appreciate that as of today all four of my priority legislation have been given the green light.

I am grateful that there has been a conversation during this legislative session on important family and children-centric legislation. Our parents are our first teachers and that role combined with teachers and school leaders must be respected. Our children are our most precious treasures and Montana must continue to invest in them. I look forward to our continued work for the benefit of our students, our families, and our Montana schools.

Thank you for putting Montana students first in this legislative session!

EDUCATION IN MONTANA:

The below education information is a snapshot in time and the most up-to-date. For more detailed information please visit OPI's website, opi.mt.gov.

- A quality public education system is a value that is enshrined in Article X of Montana's Constitution.
- Funding for education is the single largest appropriation from Montana's general fund, which totals approximately \$2 billion per biennium. About 40% of a school's funding is derived from these general fund dollars.
- The federal government granted \$605,318,735 in Elementary and Secondary School Emergency Relief (ESSER) and Emergency Assistance to Non-public Schools (EANS) funds in 2020. These funds will be serving schools through 2024.
- Montana currently has 826 schools within 402 school districts.
- There are 311 (37.65%) Montana schools with less than 50 enrolled students, and two-thirds of Montana schools have less than 500 enrolled students.
- Montana has 165,200 students. This number includes 149,198 public school students, 8,634 private school students, and 7,368 homeschooled students.
- The largest demographics of Montana students are white 77.75%, American Indian 10.92%, Hispanic 5.38%, Asian 0.73%, Black 0.77%, Pacific Islander 0.2%, and others 4.25%.
- The four-year graduation rate for Montana high school students in 2022 was 85.7%. The Montana Native American four-year graduation rate in 2022 was 68.4%.
- Montana has 16,588 licensed K-12 educators, administrators, and paraprofessionals.
- The average student-to-teacher ratio in Montana is 13 to 1.
- State Trust Lands produced \$46,365,871 for Montana schools in 2022. An additional \$7,432,707 went to the School Facility and Technology Fund.
- The OPI has 2 buildings on the state complex (down from 4).
- The OPI has 225 regular employees, of which 79 are teleworking in 18 counties.

Military Children’s Initiatives

Montana Interstate Children’s Compact Commission (MIC3)

The Military Interstate Children's Compact Commission (MIC3) was adopted by the Montana legislature through [SB203](#) which resulted in [20-1-230](#) & [20-1-231](#) MCA. MIC3 is part of the National Military Interstate Children’s Compact Commission with the purpose to remove barriers to educational success imposed on children of military families. Through the Interstate Compact key educational transition issues encountered by children of military families are addressed.

The Montana Office of Public Instruction and the Montana Military Interstate Children’s Compact Commission adopted the Purple Star School Program. The Purple Star School Designation for military-friendly schools recognizes the schools that show a major commitment to students and families connected to our nation’s military. Schools that earn the award will receive a special Purple Star recognition to display on site in honor of students of Military families. This designation is for three years.

2022-2023 Purple Star Schools:

Montana School for the Deaf and Blind – Principal Julie-Dee Alt
Great Falls High School – Principal Geoff Habel
Chief Joseph Elementary School – Principal Brian Miller
Meadow Lark Elementary School – Principal Theresa Sprague
Early Learning Family Center – Superintendent Tom Moore

Stars and Stripes in Every Classroom

State law requires Flags in every school classroom but only if schools can afford them or have them donated. Superintendent Arntzen spearheaded the partnership with the American Legion Department of Montana to help raise funds for Montana classrooms in need of a U.S. Flag. The program is about honoring Montana’s veterans and fostering strong civics education. The new Montana civics education standards are strengthening student understanding of the American pledge of allegiance and are revitalizing Indian Education for All in concert with state Constitutional requirements.

To find out how you can sponsor a U.S. Flag for a Montana classroom:

Please contact Jenna McKinney, Family Engagement Specialist, Office of Public Instruction, at 406-438-3400 to find out how to donate toward the purchase of an American-made U.S. flag for your local school.

Your entire donation goes directly to the purchase of an American-made classroom-sized, 16'x24" flag. Each donation also includes a flagstaff and a wall mount bracket. You can designate the school of your choice as a recipient of the flag you donate.

Superintendent Arntzen and Ray Shaw, Ret. Sergeant (USAF), recognize Great Falls Central Catholic as a Purple Star School

Policy Priority Summary

HB 15: BASE Aid K-12 Inflation Act

Building stability into school funding has been and will continue to be Superintendent Arntzen's number one legislative priority. Having the legislature recognize equity by the responsible use of precious tax dollars in fulfilling the promise to our Montana students is the importance this bill brings. Representative David Bedey of Hamilton introduced HB 15 to the House Education Committee, in recognition of the importance of school state BASE Aid funding in relation to the state budget. BASE Aid is a calculation that determines the state share of funding for Montana K-12 public schools and accounts for 44.7% of school districts' budget. Local property taxes largely compose the remainder of district budgets.

HB 2: Revising the use of Revenue from Teacher License Fees

Superintendent Arntzen is committed to ensuring that teacher license fees are working directly for our educators, not for anyone else. The decision package from the joint subcommittee on education ensures the maintenance of the new teacher licensing system that dramatically reduces the time it takes to become a licensed teacher in Montana.

HB 171: Revising Education Laws Related to Residential Treatment Facilities

Not all of Montana's students are enrolled in public schools, and some of those students are receiving education in mental health care facilities. Superintendent Arntzen is committed to supporting quality education for all of Montana's students. This bill expands the current laws, allowing for education funding to flow for children in psychiatric hospitals, residential treatment facilities, *and* therapeutic youth group homes. Representative David Bedey of Hamilton introduced HB 171, recognizing that the current flow of education funding for children in treatment for serious emotional disturbances does not provide funding for all of Montana's students receiving treatment.

HB 2: General Appropriations for the Next Biennium

HB 2 provides for the appropriation of funding for state agencies for the next biennium, ending June 30, 2025. This bill, introduced by Representative Llew Jones of Conrad, closely mirrors the Governor's budget as well as the priorities of state agencies like the Office of Public Instruction. One of the specific priorities for this biennium from Superintendent Arntzen is to request specific one-time-only (OTO) funding to update audiology equipment in schools throughout the state. After receiving feedback from audiologists working in schools that our current equipment is outdated, Superintendent Arntzen made sure that getting OTO funding for new equipment was one of her top priorities for this legislative session.
