Agenda Items:	
Topic:	Discussion:
Modernization Updates	<ul style="list-style-type: none"> Reviewed work groups for the Education and Workforce Data Governing Board (HB 949) OPI staff are actively participating in the Governing Board working groups We have an established connection and data is replicating from Infinite Campus State Edition and the PowerSchool data lake for Connected Intelligence The custom connector from Connected Intelligence to Unified Insights is being built and we are hoping that Unified Insights will be up and running to test within the next month We are asked for five schools to pilot the Unified Insights Essentials from the Steering Committee, once it is built to provide feedback and improve the dashboards We will begin work on the build of six VPNs for schools with self-hosted PowerSchool SIS this summer GEMS will eventually be replaced with the Unified Insights Community Engagement module dashboards, but will remain active until those dashboards are activated Our website is kept up-to-date with current information on the project
Cross-Matching Data	<ul style="list-style-type: none"> We do not collect student social security numbers We data match based on information like name, date of birth, school, and address OCHE matches on multiple different data points We will collaborate as we move forward on what we can use for data matching to ensure proper use of data
MOU with OCHE	<ul style="list-style-type: none"> The current MOU will be maintained until a new one is agreed upon by the Governing Board group Data destruction with the end of MOUs will need to be considered when drafting the new MOU
