

OPI Data Modernization Steering Committee Minutes

Date: June 19, 2024

Attendees:			
<input checked="" type="checkbox"/> Chris Sinrud, OPI	<input checked="" type="checkbox"/> Andy Campbell, OPI	<input checked="" type="checkbox"/> Anna Hoerner, OPI	<input type="checkbox"/> Sandra Rivas
<input type="checkbox"/> Kevin Patrick	<input type="checkbox"/> Jill Swanson	<input type="checkbox"/> Julie Asbeck	<input type="checkbox"/> Stacy Montgomery
<input checked="" type="checkbox"/> Gary Myers	<input checked="" type="checkbox"/> Eric Miletich	<input checked="" type="checkbox"/> Paul Kozlowitz	<input checked="" type="checkbox"/> Colleen Drury

Agenda Items:	<ol style="list-style-type: none"> 1. Modernization Updates <ol style="list-style-type: none"> a. Connected Intelligence b. Community Engagement c. Analytics and Insights 2. Data Collection Updates 3. Question: What drives your data needs? 4. Open Discussion
Topic:	Discussion:
Modernization Updates	<ul style="list-style-type: none"> • We will be at the SAM IT conference this summer to give an update on data modernization • We will be doing training for districts starting August/September • Ashley is going to be leaving our team • We are working on getting a security solution for single-sign-on for district staff • There is a snag with getting the security connection, but we are committed to maintaining single-sign-on for ease of access for districts
PS User Group Meeting	<ul style="list-style-type: none"> • The VPN setup is in progress for self-hosted PS districts
Data Collection Updates	<ul style="list-style-type: none"> • End-of-year is wrapping up • We have tickets open with Infinite Campus to simplify the issues faced during the collections process • We are still waiting on them to move these tickets forward • Eventually, the goal is still for PS districts to have their data collected automatically through the connections to Connected Intelligence • A reminder that the data collected is always subject to change in legislative sessions
Question: What drives your data needs?	<ul style="list-style-type: none"> • Compliance with statute/regulation • Risk analysis • General day-to-day operations • There are some data elements that wouldn't be a top-level concern to collect if they weren't required

	<ul style="list-style-type: none"> • Instead of collecting more data, the focus is on diving deeper into the data collected • There seems to be a delay in the process for legislative changes to prompt guidance from OPI to PowerSchool and Infinite Campus on making changes to their systems that impact schools; the trickle-down is slow • In other words, there is a time delay in being told that more data is going to be collected or that data will be collected in a different way to building the tools to do those things
Other/Open Discussion	<ul style="list-style-type: none"> • How are charter schools going to be counted for belonging? They will belong to the district, not be their own district. • The goal is that Unified Insights will replace GEMS: there will be some data that is accessible only by districts (student-level data) and a public-facing aggregate view • Will need guidance on reporting for staffing and attendance at charter schools for staff and students that are part-time in a charter school and part-time in a “regular” school • OPI will look at how to qualify some choices out for data uploads so that we can eliminate some choices that would always result in an error
Next Meeting	<ul style="list-style-type: none"> • July 17th • We are hoping to have a demo of Unified Insights
