

K-12 Schools: Get Ready to #ShakeOut!

Join millions of people worldwide each year in practicing a “Drop, Cover, and Hold On” drill and other earthquake safety actions.

This year's International ShakeOut Day is October 17, when millions of people worldwide will participate in earthquake drills at work, school, or home!

At 10:17 am (local time) on 10/17, you can join people across Montana practicing earthquake safety. When you register you can also set the date of your drill for any day of the year, and drill at a time of your choice.

K-12 Schools: We understand that 10/17 coincides with Montana's fall Educator Conference, so we encourage schools to choose an alternate date that fits best to your respective schedule, such as the week prior.
