

## American Indian and Alaska Native Heritage Month – November 2022

November is Native American Heritage Month. It is also referred to as American Indian and Alaska Native Heritage Month. We honor this month by giving students the opportunity to view our past through the eyes of many, so they can begin to create their own view of our collective history, understand the present, and become better prepared to engage the problems of the future.

The [Indian Education for All Unit](#) would like to acknowledge and celebrate this month by highlighting websites where you can access authentic materials to support your culturally relevant instruction.

### National Indian Education Organizations
