This is an opportunity for any member of the audience to bring to the attention of the Council questions or relevant comments concerning matters not on the agenda. Please note that the Council is bound by ethical practice, bylaws, and Montana statutes. The Council may not take any action on matters brought to the attention of the Council during the public comment portion of the meeting unless specific notice of that matter is included in a properly noticed agenda. Therefore, in the Open Agenda portion of the meeting, the Council will not discuss or take any action, but may refer a matter presented to a future agenda. The following criteria exist for the public comments.

- The public may not discuss items on the current agenda at this time.
- The public may only discuss matters within jurisdiction of the Council.
- No action may be taken on a matter raised during the open agenda.
- The public may not comment in a boisterous, disorderly, hostile, or aggressive manner.
- Each member of the public may address the Council once.

ITEM 2
APPROVAL OF MINUTES

- Handout 2.1
  - Draft July 7, 2021 minutes
The Montana Advisory Council on Indian Education (MACIE) meeting was called to order by Chairperson Jennifer Smith at 9:08 a.m. The Pledge of Allegiance was said and roll call was done.

Minutes

The minutes from the June 9, 2021, MACIE meeting were reviewed. Dugan Coburn motioned to approve the minutes as written and Dawn Bishop-Moore seconded the motion. Passed by all.

Indian Education Unit Reports

- Indian Education for All (IEFA)

Zach Hawkins reported on projects the IEFA unit are working on. The grant application process for the coming year is now open. It will close at the end of the month.
American Indian Student Achievement (AISA)
The AISA unit was not available to do their report.

Ex-officio Reports
- Superintendent of Public Instruction – Sharyl Allen
  - The superintendent spoke to the Youth Challenge Academy graduation.
  - Through HB556 there is an alternate diploma moving forward to be available.
  - There is a legislative session summary report accessible on OPI website.
  - OPI is working on the American Rescue Plan-Elementary and Secondary School Emergency Relief state and school plans. This is live to school for their plans. Reopening plans need to be available on websites. Meaningful tribal consultation needs to be done for these plans.
  - OPI is talking with the Department of Education regarding maintenance of equity. The federal government wants current year funding to be used for determination of this instead of prior year funding, which is what Montana is currently using.
  - There are new content standards for social studies, career and technical education, library media, technical integration, and computer science. There is professional development regarding these on the Teacher Learning Hub.
  - Task forces are working on both Chapters 57 and 58. Recommendations will go to the Superintendent of Public Instruction (Superintendent) and then these will be forwarded to the Board of Public Education (BPE) for review and potential adoption.
  - Sixty-eight OPI staff members will now be teleworking.
  - Dr. Linda Peterson has retired.

Informational Presentations
- Montana Seal of Biliteracy – Lisa Werner, Montana Association of Language Teachers (MALT)
  One of the goals of MALT is to see a seal of biliteracy be adopted by Montana. Lisa started with the Certification Standards and Practices Advisory Council. They recommended this issue be brought forward to the BPE for discussion and they suggested she present to MACIE. This will be an action item on the July 15 BPE meeting.

The seal of biliteracy is an emblem affixed to a diploma or transcript of high school graduates who have attained a high level of proficiency in reading, writing, listening, and speaking in English and another world language. This encourages students whose first language is not English to maintain their first language and become proficient in English.

For the more common languages such as Spanish, German, and French, there would be a proficiency exam. However, for American Native languages, each tribe would need to provide recommendations for showing proficiency in that language.

If this is approved, there will need to be a process for the awarding of the emblem.

There is some legislation reintroduced in March, 2021, Biliteracy Education Seal and Teaching Act. This legislation would provide money for implementation.

Dawn motioned that MACIE endorse Ms. Werner’s pursuit of a biliteracy seal. Dugan Coburn seconded. Passed by all.
Discipline and Educational Equity in Montana’s Public Schools – Keegan Medrano, American Civil Liberties Union Montana (ACLU Montana)

Keegan Medrano reviewed the information in the Empty Desks: Discipline & Policing in Montana’s Public Schools report from the ACLU Montana.

The definition Mr. Medrano uses for education equity is distributing resources and removing harmful punishments to dress historical and systemic harms, while empowering individuals to overcome barriers to success.

By investing in support staff such as psychologists, nurses, counselors, and social workers there can be an improvement of attendance rates and lower rates of exclusionary discipline which will improve graduation rates and improve school safety. Recommendations from the report are limiting exclusionary discipline for all students, banning the use of exclusionary discipline for students in sixth grade and below, ending permanent and routine policing of schools, funding programs that train and provide tools to support student behavior in a positive manner, providing better campus mental health care services, improving data collection, and implementing IEFA more consistently.

Dugan Coburn indicated that although there is disparate discipline at East Middle School it is not as high as reported as the information provided was incorrect. They are now working with ACLU Montana to correct that information. Mr. Medrano indicated he will send the updated information.

Jason Cummins suggested the Office of Public Instruction (OPI) provide schools information and skills for dealing with these problems.

National Indian Education Study (NIES) – Shantel Niederstadt, Office of Public Instruction

Shantel Niederstadt presented information on the National Assessment of Educational Progress (NAEP) and NIES. Ms. Niederstadt presented highlights regarding the NIES survey along with average scores for the NAEP for 2005-2019.

Meeting Minutes

Date: 4-22-2021

Committee Members: Jennifer Smith, Jason Cummins, Jordan Lankford, Megan Gourneau, Susan Dickey

OPI Staff Support: Lona Running Wolf and Todd Hanson

The Sub-Committee met to discuss the following:

- Review and discussion of state statutory language and protections MCA 20-1-315
- Review and discussion of media stories detailing school district violations of state statutory protections with respect to student wearing of traditional regalia at graduation ceremonies.
- Discussion of scope of request to be recommended by the sub-committee to the MACIE Council and ultimately to BPE & OPI
- Members agreed to complete additional research on the topic
- Discussion of agenda for the next meeting
MACIE Sub-Committee - Student Ex-Officio Membership

Meeting Minutes

Date: 6-28-2021

Committee Members: Jennifer Smith, Jordan Lankford, Melissa Hammett, Norma Bixby, Dugan Coburn

OPI Staff Support: Todd Hanson

The Sub-Committee met to discuss the following:

- MACIE subcommittee exploring the idea of student ex-officio representatives.
- Discussed the process of putting steps in place to add 2 student representatives to MACIE. One spot will be for a senior in HS and one will be a junior. One will be rural/reservation based, and the other will be urban.
- Sub-Committee working out a process for students to apply but have decided for this next year to have MACIE members reach out to 2 students of their choosing in order to get the spots initially filled.
- A possible candidate for the reservation spot has been identified who will be a senior this year but are seeking a student for the urban spot who is an incoming junior.
- Sub-Committee discussed the benefit in setting terms of service for student ex-officio members which are staggered and last 2 years, so the incoming senior would only be in place for this coming year, but the junior urban student would serve 2 years.
- Sub-Committee agreed to discuss and explore these issues further at the next meeting.
RESOLUTION

WHEREAS, the Montana Advisory Council on Indian Education (MACIE) has adopted a position statement on Native American Language Protections; and

WHEREAS, it is MACIE’s goal to proactively inform and educate school district Board of Trustees, administrators, teachers, and staff who serve Native American students, families, and communities within the state about the legal language protections that exist for Native American languages; and

WHEREAS, MACIE believes that many educators and school leaders find themselves uninformed and unprepared in regards to tribal sovereignty, culture, history, spirituality, regalia, and graduations; and

WHEREAS, MACIE believes it is best to address these issues in a preventative manner in order to mitigate any and all unwanted and unnecessary situations from happening, and from continuing to happen, in order to better prepare educators and school leaders;

THEREFORE, BE IT RESOLVED, the Montana Board of Public Education supports MACIE in their work to address this lack of awareness by assisting in informing and preparing educators in the area of legal protections for Native American languages and other issues mentioned above that are present in the intersection of school law and Indian law.

RESOLVED BY THE MONTANA BOARD OF PUBLIC EDUCATION ON JULY 15, 2021.

Q1 Consent Form for Human Subjects Research at the Montana Office of Public Instruction (Survey)

You are invited to participate in a Office of Public Instruction research study – Perspectives of Native Youth, Thoughts on Native Student Success. You are invited to participate since your school/school district has a high population of Native youth. Students in your school will take their own survey. Native and non Native students and stakeholders are encouraged to participate. Every two years, the Montana State Legislature asks for a report on the Native students’ Achievement Gap. This survey is intended to complement the Achievement Gap report and drilldown as to reasons why the gap is occurring.

You are under no requirement to complete this survey. Participation is voluntary. You may answer some questions and not others, or even stop the survey at anytime. There are no known risks in completing this survey. The benefits to participating in the study is that we’ll have a better understanding of the Achievement Gap and help the OPI to address interventions that seek to stop the gap from occurring. Your survey results will be kept confidential to the greatest degree allowed by the technology being used (Qualtrics). All responses will be reported in aggregate. We will not ask for names or any identifying information. We will ask for demographics and your role in the school community.

This study is sponsored by the OPI, a government agency that provides guidance and technical assistance to education communities. The American Indian Student Achievement unit is responsible for the contents of this survey. There is no cost to participate in the study.
