

Montana Indians Differ in Language and Culture

Fast Facts

Curriculum Area: Social Studies
Grade Level: Grade Three
Suggested Duration: One-two hours

Stage 1 Desired Results

Established Goals

(4) The history content standards for third grade are that each student will:

(a) identify tribes in Montana by their original and current names.

IEFA Essential Understanding 1 There is a great diversity among the twelve sovereign tribes of Montana in their languages, cultures, histories, and governments. Each tribe has a distinct and unique cultural heritage that contributes to modern Montana.

Understandings

- Each tribe has its own language; language is an important part of a tribe's culture.
- Each tribe has a unique name in their own language.

Essential Questions

- What are the names of Montana tribes?
- What do Montana tribes call themselves in their own language?
- How can you tell the difference between different tribes' names in their own languages?

Students will be able to...

- explain that members of tribes speak English, but they also have a tribal language.
- explain that each Montana tribe has its own language and culture.
- identify and pronounce tribal names.
- share information about Montana tribal languages and cultures in classroom discussions.

Stage 2 Assessment Evidence

Performance Tasks

1. Each student practices writing and saying tribal names in English and in the tribal languages.
2. Each student can correctly pronounce what tribes call themselves in their own languages.
