

School Leadership Support Office Hours Summary May 8, 2024

Presenter: Ashley Perez on DM Project

- Ashley presented an introduction to the DM project. (Note: Matt Torix was only superintendent in attendance for the presentation. Levi Collins joined after it was complete.)
- Ashley gave a high-level view of the project, discussing the why and how, as well as discussing the overall objectives of Data Modernization. Levi Collins joined later. Training for the project was briefly discussed. Both superintendents were proponents of in-person training, if possible, but recognized that virtual training must also take place.
- Information on upcoming data collections was discussed along with the difficulties of the Teacher Class and Terms of Employment collection for schools this year.
