Code	Course Name	Endorsements	Description	Montana Career Pathway or CTE Program
<b>03 - Life and Physical Sciences</b>				
03998 **	Life and Physical Sciences—Workplace Experience	03S BF, 03S BIO, 03S CHE, 03S PHY, 23S WBL	Life and Physical Sciences—Workplace Experience courses provide work experience in a field related to life and/or physical science. Goals are typically set cooperatively by the student, teacher, and employer (although students are not necessarily paid). These courses may include classroom activities as well, involving further study of the field or discussion regarding experiences that students encounter in the workplace.	Non- CTE
<b>014 - Health Care Sciences</b>				
14051	Nursing	14S HPT	Nursing courses place a special emphasis on the particular knowledge and skills required of nurses and/or nursing assistants and aides while covering general health care topics (i.e., patient care, anatomy and physiology, medical terminology, hygiene and disease prevention, first aid and CPR, and laboratory procedures). Topics covered typically include normal growth and development; bathing, feeding, dressing, and transporting patients; basic pharmacology; doctor, nurse, and patient relationships and roles; medical and professional ethics; death and dying; and care of various kinds of patients (e.g., chronically ill, children, new mothers, and so on).	Health Professions
14055	Emergency Medical Technology	14S HPT, 14S EMT	Emergency Medical Technology courses place a special emphasis on the knowledge and skills needed in medical emergencies. Topics typically include clearing airway obstructions, controlling bleeding, bandaging, methods for lifting and transporting injured persons, simple spinal immobilization, infection control, stabilizing fractures, and responding to cardiac arrest. The courses may also cover the legal and ethical responsibilities involved in dealing with medical emergencies.	Health Professions
14098	Therapeutic Services—Workplace Experience	14S HPT, 23S WBL	Therapeutic Services—Workplace Experience courses provide students with work experience in fields related to therapeutic services. Goals are typically set cooperatively by the student, teacher, and employer (although students are not necessarily paid). These courses may include classroom activities as well, involving further study of the field or discussion regarding experiences that students encounter in the workplace.	Health Professions
14993	Health Care Sciences—School-based Enterprise	14S HPB, 14S HPT, 23S WBL	Health Care Sciences—School-based Enterprise courses provide students the opportunity to learn about and manage an entrepreneurial operation related to health care sciences within a school setting. Students will develop interpersonal and professional skills. Topics may include operations, product services management, pricing, distribution, and marketing.	Health Professions
14994	Health Care Sciences—Career Project-based Learning	14S HPB, 14S HPT, 23S WBL	Health Care Sciences—Career Project-based Learning courses provide students with an introduction to careers in the health care sciences field. Students will work in cooperation with local businesses, community organizations, or non-profit agencies to explore and solve real-world problems that could arise in the workplace. These courses occur in a classroom setting and typically do not include work in the field.	Health Professions

14998	Health Care Sciences— Workplace Experience	14S HPB, 14S HPT, 23S WBL	Health Care Sciences—Workplace Experience courses provide students with work experience in the health care industry. Goals are typically set cooperatively by the student, teacher, and employer (although students are not necessarily paid). These courses may include classroom activities as well, involving further study of the field or discussion regarding experiences that students encounter in the workplace.	Health Professions
<b>05 - Fine and Performing Arts</b>				

<b>Work-Based Learning Course Codes</b>				
<b>Code</b>	<b>Course Name</b>	<b>Endorsements</b>	<b>Description</b>	<b>Montana Career Pathway or CTE Program</b>
05098	Theater—Workplace Experience	11S THA, 05S THR	Theater—Workplace Experience courses provide work experience in a field related to drama and the theater. Goals are typically set cooperatively by the student, teacher, and employer (although students are not necessarily paid). These courses may include classroom activities as well, involving further study of the field or discussion regarding experiences that students encounter in the workplace.	Non- CTE
05148	Music—Workplace Experience	05A MUS, 23S WBL	Music—Workplace Experience courses provide students with work experience in a field related to music. Goals are typically set cooperatively by the student, teacher, and employer (although students are not necessarily paid). These courses may include classroom activities as well, involving further study of the field or discussion regarding experiences that students encounter in the workplace.	Non- CTE
05998	Visual and Performing Art—Workplace Experience	05A ART, 05A MUS, 23S WBL	Formerly Fine and Performing Art—Workplace Experience, Visual and Performing Art—Workplace Experience courses provide students with work experience in a field related to the fine and performing arts. Goals are typically set cooperatively by the student, teacher, and employer (although students are not necessarily paid). These courses may include classroom activities as well, involving further study of the field or discussion regarding experiences that students encounter in the workplace.	Non- CTE
<b>09 - Military Science</b>				
09003	ROTC Drill	09S ROT	Reserve Officer Training Corps (ROTC) Drill courses provide students with an additional opportunity to improve their skills in military precision. These courses emphasize marching style and formations, firearm manipulation, body coordination and mechanics, and performing as a member of an orchestrated team. Class members typically participate in ceremonies and competitions.	ROTC
09004	Military Leadership	09S ROT	Military Leadership courses focus solely on increasing students' leadership skills, particularly as they relate to military operations, customs, and hierarchies. These courses are typically a regular part of the ROTC programs described below (typically the final course within a program series); this Military Leadership course code and title should be used when those descriptions do not apply. The principles and skills taught in these courses include supervision, motivation, evaluation, and setting an example, and their application typically include military drill and inspections, athletic events, and other school activities.	ROTC
<b>010 - Computer and Information Sciences</b>				

10048	Computer Literacy – Workplace Experience	12S BUS, 12S CIS, 10S CS, 10S NCS, 23S WBL	Computer Literacy—Workplace Experience courses provide work experience in fields related to computer literacy. Goals are typically set cooperatively by the student, teacher, and employer (although students are not necessarily paid). These courses may include classroom activities as well, involving further study of the field or discussion regarding experiences that students encounter in the workplace.	Data & Computer Science, IT Support, Network Systems & Cybersecurity
10993	Information Technology—School- based Enterprise	10S CS, 12S BUS, 12S BM, 12S CIS, 23S WBL, 10S CC	Information Technology—School-based Enterprise courses provide students the opportunity to learn about and manage an entrepreneurial operation related to information technology within a school setting. Students will develop interpersonal and professional skills. Topics may include operations, product services management, pricing, distribution, and marketing.	IT Support, Network Systems & Cybersecurity
10994	Information Technology—Career Project-based Learning	10S CC, 10S CS, 12S BUS, 12S BM, 12S CIS, 23S WBL	Information Technology—Career Project-based Learning courses provide students with an introduction to careers in the information technology field. Students will work in cooperation with local businesses, community organizations, or non-profit agencies to explore and solve real-world problems that could arise in the workplace. These courses occur in a classroom setting and typically do not include work in the field.	IT Support, Network Systems & Cybersecurity
10998	Information Technology—Workplace Experience	12S BUS, 12S CIS, 12S BM, 10S CS, 23S WBL	Formerly Computer and Information Sciences —Workplace Experience, Information Technology—Workplace Experience courses provide students with work experience in fields related to computer and/or information sciences. Goals are typically set cooperatively by the student, teacher, and employer (although students are not necessarily paid). These courses may include classroom activities as well, involving further study of the field or discussion regarding experiences that students encounter in the workplace.	IT Support, Network Systems & Cybersecurity
10999	Information Technology – In School Work Based Learning	12S BUS, 12S CIS, 10S CS, 12S BM, 23S WBL, 10S NCS	In School Work-Based Learning could include Service Learning, Cooperative Work-Based Learning/Internship, School-Based Enterprises, and Supported Employment.	IT Support, Network Systems & Cybersecurity
<b>011 - Communications and Audio/Visual Technology</b>				

<b>Work-Based Learning Course Codes</b>				
<b>Code</b>	<b>Course Name</b>	<b>Endorsements</b>	<b>Description</b>	<b>Montana Career Pathway or CTE Program</b>
11048	Communication—Workplace Experience	05A ART, 12S BUS, 12S MAR, 12S CIS, 12S BM, 10S CS, 23S WBL	Communication—Workplace Experience courses provide students with work experience in a field related to communication. Goals are typically set cooperatively by the student, teacher, and employer (although students are not necessarily paid). These courses may include classroom activities as well, involving further study of the field or discussion regarding experiences that students encounter in the workplace.	Arts, Audio/Visual Technology and Communications
11098	Audio/Video Technology and Film—Workplace Experience	05A ART, 11S VID, 11S VIS, 12S BUS, 12S CIS, 13S ITE, 10S CS, 23S WBL	Audio/Video Technology and Film—Workplace Experience courses provide students with work experience in a field related to audio/visual technology and/or film. Goals are typically set cooperatively by the student, teacher, and employer (although students are not necessarily paid). These courses may include classroom activities as well, involving further study of the field or discussion regarding experiences that students encounter in the workplace.	Arts, Audio/Visual Technology and Communications

11148	Journalism and Broadcasting— Workplace Experience	01S JOU, 05A ART, 12S BUS, 12S CIS, 12S BM, 10S CS, 23S WBL	Journalism and Broadcasting—Workplace Experience courses provide students with work experience in a field related to journalism or broadcasting. Goals are typically set cooperatively by the student, teacher, and employer (although students are not necessarily paid). These courses may include classroom activities as well, involving further study of the field or discussion regarding experiences that students encounter in the workplace.	Arts, Audio/Visual Technology and Communications
11993	Communication and Audio/Video Technology— School- based Enterprise	10S CS, 10S CC, 12S BUS, 12S BM, 12S CIS, 11S GRA, 11S PHO, 11S VID, 13S ITE, 23S WBL	Communication and Audio/Video Technology—School based Enterprise courses provide students the opportunity to learn about and manage an entrepreneurial operation related to communication and audio/video technology within a school setting. Students will develop interpersonal and professional skills. Topics may include operations, product services management, pricing, distribution, and marketing.	Arts, Audio/Visual Technology and Communications
