MATCH STATEMENT REQUIRED

School districts that receive Comprehensive School and Community Treatment (CSCT) funding are required to provide an annual match statement to the DPHHS. In January each year, DPHHS notifies each district by letter of the required local match amount.

The local match amount is based on Medicaid funding payments the district received from DPHHS in the previous year. Districts use information from the district's legal entity (LE) prior year Trustees' Financial Summary (TFS) to determine if the required match amount was met.

The OPI, in conjunction with DPHHS, has created a reporting tool for LE's to use in creating the match statement in the MAEFAIRS system.

The following slides describe the process for creating this statement.
