HB 203 Discussion

- OPI Chief Legal Rob Stutz, and OPI Early Assistance Program Director Mandi Gibbs
- In this legislation, “(1) A child may be enrolled in and attend a school in a Montana school district that is outside of the child’s district of residence at the request of the child’s parent or guardian...”
- Districts *shall* approve the out-of-district application unless:
 - that the impact of approval of the application will negatively impact the quality of education for resident pupils by grade level, by school, or in the district in the aggregate in one or more of the following ways:
 - (i) the approval would result in exceeding limits of:
 - (A) building construction standards pursuant to Title 50, chapter 60;
 - (B) capacity and ingress and egress elements, either by individual room or by school building, of any fire code authorized by Title 50, chapter 3; or
 - (C) evacuation elements of the district’s adopted school safety plan;
 - (ii) the approval would impede meeting goals, standards, or objectives of quality that the trustees have previously adopted in a plan for continuous educational improvement required under rules adopted by the board of public education; or
 - (iii) the approval would risk jeopardizing the educational quality within the district because the nonresident child who is applying was:
 - (C) suspended in another school district in any of the 3 school fiscal years preceding the school fiscal year for which attendance is requested. This subsection (2)(e)(iii)(C) does not apply to a student who is eligible for special education or related services.
 - If The trustees of a district that receives more applications than the district can accommodate under subsections (2)(e)(i) and (2)(e)(ii) may adopt and implement policy providing priority among the applications on any rational basis that prioritizes the quality of education for students who are residents of the district of attendance and the obligations of resident taxpayers.
