

ASP Self Review Form

School Food Authorities must review their Afterschool Snack Program twice each year. The first review must be done within the first 4 weeks of the program and the second before the end of the year. These reviews assess the compliance with counting and claiming procedures and the snack meal pattern. This form must be kept on file for audit/ review. If any are circled "no," then corrective action (CA) should also be circled. Once corrective action is made, mark an "X" over CA and circle "yes" to show corrective action has been made. Write the corrective action that was made and the date CA was completed in the comment box.
