

## Indicator 2: Drop Out

### Instructions and Measurement

**Monitoring Priority:** FAPE in the LRE

**Results indicator:** Percent of youth with IEPs who exited special education due to dropping out. (20 U.S.C. 1416 (a)(3)(A))

#### Data Source

Same data as used for reporting to the Department under section 618 of the Individuals with Disabilities Education Act (IDEA), using the definitions in ED*Facts* file specification FS009.

#### Measurement

States must report a percentage using the number of youth with IEPs (ages 14-21) who exited special education due to dropping out in the numerator and the number of all youth with IEPs who exited special education (ages 14-21) in the denominator.

#### Instructions

*Sampling is not allowed.*

Data for this indicator are "lag" data. Describe the results of the State's examination of the section 618 exiting data for the year before the reporting year (e.g., for the FFY 2022 SPP/APR, use data from 2021-2022), and compare the results to the target.

Include in the denominator the following exiting categories: (a) graduated with a regular high school diploma; (b) graduated with a state-defined alternate diploma; (c) received a certificate; (d) reached maximum age; or (e) dropped out.

Do not include in the denominator the number of youths with IEPs who exited special education due to: (a) transferring to regular education; or (b) who moved but are known to be continuing in an educational program.

Provide a narrative that describes what counts as dropping out for all youth. Please explain if there is a difference between what counts as dropping out for all students and what counts as dropping out for students with IEPs.

## 2 - Indicator Data

### Historical Data

Baseline Year	Baseline Data
2020	21.26%

FFY	2017	2018	2019	2020	2021
Target <=	3.40%	3.40%	3.40%	21.26%	21.16%
Data	3.72%	3.16%	3.81%	21.26%	20.61%

### Targets

FFY	2022	2023	2024	2025
Target <=	21.06%	20.96%	20.86%	20.76%

### Targets: Description of Stakeholder Input

Discussions and Stakeholder input of the State's Performance Plan (SPP), Annual Performance Report (APR), State's Systemic Improvement Plan (SSIP), and Results Driven Accountability (RDA)/Results Based Accountability (RBA) began in 2013 with our State Special Education Advisory Panel. The Panel is fully vested and broadly representative of Montana. Additionally, many of the panel members as well as SEA staff serve in other agency or organization leadership positions or on advisory groups in the disability community. This enables MT to draw insight and advice from a broad group of stakeholders with an understanding of Montana's unique needs, strengths, and potential weaknesses.

Other stakeholder groups we sponsor and/or engage include:

- 1) Our Comprehensive System of Personnel Development (CSPD) includes both regional and state councils that regularly meet to assess APR data and to evaluate professional development priorities and results.
- 2) The State Education Agency (SEA) staff has developed strong working relationships with other Montana agencies that serve youth and adults with disabilities. The SEA staff participate as members of advisory councils for early childhood, vocational rehabilitation, low incidence disabilities, developmental disabilities, and the state independent living council. This has strengthened the commitments of the agencies working with Montana's youth to facilitate smooth transitions from birth to adulthood.
- 3) Working with the Technical Assistance for Excellence in Special Education (TAESE) staff, the SEA has facilitated the Montana Higher Education Consortium (HEC). The HEC provides a mechanism for collaboration, networking, discussion, and advising of critical issues among Montana Institutes of Higher Education. The consortium works towards encouraging a more seamless

educational system and merging general and special education into one unified system; understanding and promoting the use of evidence-based academic and behavioral strategies; and closely linking Montana teacher training and educational leadership programs to early childhood programs, K-12 education, and the SEA.

4) The SEA staff is engaged with the Schools Administrators of Montana (SAM) which include affiliates for Superintendents, Principals, Special Education Administrators, and Information Technology (IT) Directors. This partnership gives the SEA the opportunity to develop collaborative partnerships with the Local Education Agencies (LEAs). The SEA also provides SAM with a grant to help fund the Montana Recruitment Project. This program focuses on recruiting hard to fill positions such as speech/language pathologists, special education teachers, occupational therapists, and school psychologists for our districts.

5) Annually, the SEA brings together representatives from various stakeholder groups for a joint meeting facilitated by TAESE. This meeting brings stakeholders together to share up-dates and gather input from each other. There is a comprehensive representation of the Montana disability community, families and parents of children and students with and without disabilities.

During the FFY22 reporting period, the Student Support Services Senior Manager met with the parents and community members of the Montana School for the Deaf & Blind (MSDB) to start creating a graduate profile. In addition, our Early Assistance Program (EAP) Director presented to the parents of MSDB on the IDEA Framework (state purposes), general supervisory responsibilities and OPI's role as an SEA. The EAP Director also provided information on dispute resolution options and where at the OPI parents could go for technical assistance.

The Montana Empowerment Center and the OPI conducted various virtual presentations for parents of students with disabilities birth through age 21 and LEA staff. During the reporting period, the OPI presented on Present Levels of Academic Achievement Functional Performance (PLAAFPs), Measurable Annual Goals (MAGs), Multi-Tiered Systems of Support (MTSS), transitions, early childhood, and extended school year. Superintendent Arntzen hosted multiple community events in four geographically diverse cities across the state in December of 2022. Parents listened to the goals of legislators for education and then had the opportunity to ask questions of the legislators. Throughout the reporting period, OPI provided numerous virtual trainings for parents regarding student and school safety and supporting youth with ASD and other developmental disorders.

Annually, the OPI assists with the Montana Youth Transitions (MYT) Conference. The OPI team works in conjunction with MYT to present, coach, and mentor educators, parents, and students. This conference brings together the transition team of youth, parents, and professionals to learn strategies and resources to build a seamless transition plan from high school to the adult world. One parent stated the following, "This was my first time at the conference, and I had no idea there were so many things out there to help my son. The sessions on parenting techniques and educational tools were eye-opening, and I feel more equipped to support my child's learning journey."

#### Prepopulated Data

Source	Date	Description	Data
SY 2021-22 Exiting Data Groups (EDFacts file spec FS009; Data Group 85)	05/24/2023	Number of youth with IEPs (ages 14-21) who exited special education by graduating with a regular high school diploma (a)	798
SY 2021-22 Exiting Data Groups (EDFacts file spec FS009; Data Group 85)	05/24/2023	Number of youth with IEPs (ages 14-21) who exited special education by graduating with a state-defined alternate diploma (b)	
SY 2021-22 Exiting Data Groups (EDFacts file spec FS009; Data Group 85)	05/24/2023	Number of youth with IEPs (ages 14-21) who exited special education by receiving a certificate (c)	51
SY 2021-22 Exiting Data Groups (EDFacts file spec FS009; Data Group 85)	05/24/2023	Number of youth with IEPs (ages 14-21) who exited special education by reaching maximum age (d)	0
SY 2021-22 Exiting Data Groups (EDFacts file spec FS009; Data Group 85)	05/24/2023	Number of youth with IEPs (ages 14-21) who exited special education due to dropping out (e)	296

#### FFY 2022 SPP/APR Data

Number of youth with IEPs (ages 14-21) who exited special education due to dropping out	Number of all youth with IEPs who exited special education (ages 14-21)	FFY 2021 Data	FFY 2022 Target	FFY 2022 Data	Status	Slippage
296	1,145	20.61%	21.06%	25.85%	Did not meet target	Slippage

**Provide reasons for slippage, if applicable**

The 2021-2022 school year was the first school year following COVID that all districts were back in person for the full year. Of the 296 students reported as a drop out for the FFY2021 exiting data (the data used in this report), 77 of them (26%) reported that they withdrew to enroll in a non-diploma program. In Montana, that is the code that is used for students who withdraw to test for their GED, or to enroll in Job Corps, or another program that will allow them to attain a GED while learning job skills at the same time.

**Provide a narrative that describes what counts as dropping out for all youth**

The dropout definition for all students in the state of Montana is:

Dropouts are the count of individuals who:

were enrolled in school on the date of the previous year October enrollment count or at some time during the previous school year and were not enrolled on the date of the current school year October count,

or

were not enrolled at the beginning of the previous school year but were expected to enroll and did not re-enroll during the year, “no show”, and were not enrolled on the date of the current school year October count,

and

have not graduated from high school or completed a state or district-approved high school educational program,

and

have not transferred to another school, been temporarily absent due to a school-recognized illness or suspension, or died.

**Is there a difference in what counts as dropping out for youth with IEPs? (yes/no)**

YES

**If yes, explain the difference in what counts as dropping out for youth with IEPs.**

Dropouts for Indicator 2 are counted based on the requirements in the EDFacts File specifications for FS009: Dropped Out

These students were enrolled at the start of the reporting period but were not enrolled at the end of the reporting period and did not exit special education through any of the other means. This includes dropouts, runaways, GED recipients (in cases where students are required to drop out of the secondary educational program to pursue the GED certificate), expulsions, status unknown, students who moved but are not known to be continuing in another educational program, and other exiters from special education.

**Provide additional information about this indicator (optional)**
