

Indicator 1: Graduation

Instructions and Measurement

Monitoring Priority: FAPE in the LRE

Results indicator: Percent of youth with Individualized Education Programs (IEPs) exiting special education due to graduating with a regular high school diploma. (20 U.S.C. 1416 (a)(3)(A))

Data Source

Same data as used for reporting to the Department under section 618 of the Individuals with Disabilities Education Act (IDEA), using the definitions in ED*Facts* file specification FS009.

Measurement

States must report a percentage using the number of youth with IEPs (ages 14-21) who exited special education due to graduating with a regular high school diploma in the numerator and the number of all youth with IEPs who exited high school (ages 14-21) in the denominator.

Instructions

Sampling is not allowed.

Data for this indicator are “lag” data. Describe the results of the State’s examination of the data for the year before the reporting year (e.g., for the FFY 2023 SPP/APR, use data from 2022-2023), and compare the results to the target.

Include in the denominator the following exiting categories: (a) graduated with a regular high school diploma; (b) graduated with a state-defined alternate diploma; (c) received a certificate; (d) reached maximum age; or (e) dropped out.

Do not include in the denominator the number of youths with IEPs who exited special education due to: (a) transferring to regular education; or (b) who moved but are known to be continuing in an educational program.

Provide a narrative that describes the conditions youth must meet in order to graduate with a regular high school diploma. If the conditions that youth with IEPs must meet in order to graduate with a regular high school diploma are different, please explain.

Targets: Description of Stakeholder Input

The Special Education Advisory Panel (SEAP) in Montana has been in existence since 2013. The SEAP is made up of 17 members, nine of whom are parents of students with disabilities. The panel is fully vested and broadly representative of Montana. Many of the panel members serve in other agency or organization leadership positions or on advisory councils as the voice of students with disabilities. This enables the SEA to draw insight and advice from a diverse group of stakeholders with an understanding of Montana’s unique needs and strengths.

In the 2023/2024 school year, the SEA asked for input on Indicators 8 and 14 from the SEAP, the Special Education Directors, Educational Advocates, and the Weekly Superintendent’s Hour. The SEA presented information on Indicator 8 regarding moving from a paper and pencil, sample, 23 question survey to an electronic, census, 10 question survey. All four entities agreed with the SEA’s proposal.

The SEA asked the SEAP and Special Education Directors to weigh in on Indicator 14. The SEA proposed changing two questions and set new targets. Based on the information provided from stakeholders, the SEA did change the two questions and set new targets for Indicator 14.

In the spring of every school year, the SEA brings together parents, Montana’s Parent Training and Information center the Montana Empowerment Center (MEC), the SEAP, and other state agencies for a joint stakeholder meeting. During this meeting the SEA reviews the APR submitted in February. The SEA asks for suggestions on how to potentially improve the outcomes of the indicators along with doing a data drill down of the state data and district level data.

In addition to the above-mentioned stakeholders, the SEA worked with many other stakeholder groups that support students with disabilities. Those groups include but are not limited to:

- Montana Council for Exceptional Children (MCEC) – presented on updates at the SEA, national level, and writing compliant special education paperwork
- Vocational Rehabilitation and Blind Services – strengthening our secondary transition
- Education Advocates – presented Indicator 8 changes & new monitoring process
- Summer Institute
- Montana Council of Administrators of Special Education (MCASE)
- Higher Education Consortium (HEC)
- Great Divide Special Education Cooperative board meeting

Dawson Community College – assisting in setting up the ParaPathways Program
 Weekly Superintendent’s Hour – Indicator 8
 CSPD Regional Directors
 Montana Empowerment Center – IEP Boot Camps
 Disability Rights Montana
 University of Montana – Mental Health Professional Development Grant for the Rural and Indigenous School-based Mental Health and Empowerment (RAISE) initiative

Graduation Conditions

Provide a narrative that describes the conditions youth must meet in order to graduate with a regular high school diploma.

The Montana Board of Public Education has set the following as the minimum graduation requirements for all Montana students. Each local school board has the option to add additional requirements and most choose to add more rigorous requirements that all students in their district must meet. In some cases, this may result in a special education student needing to spend more than 4 years working towards their high school diploma. It can create a barrier to graduation for students who transfer to or from one Montana High School to another with more rigorous graduation standards.
