

Accessing Assessment Proficiency Data in GEMS

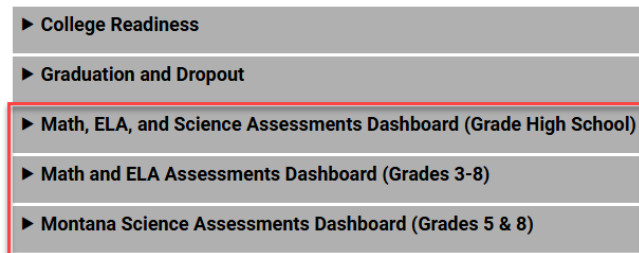

The Special Education Assessment Proficiency Data can be found in the statewide longitudinal data system – GEMS. To access it, click on this link: <https://gems.opi.mt.gov/>

1. Navigate to “Student” (towards the bottom of the page)

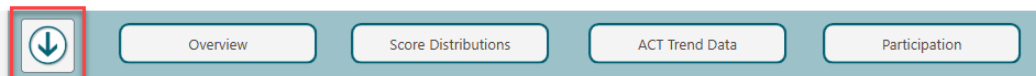

2. Select the data set you want to review (High School or Grades 3-8 or Grades 5 & 8)

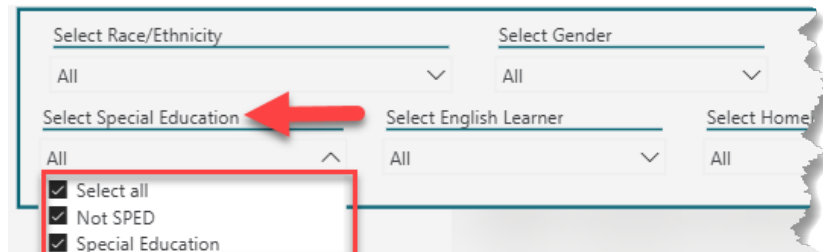

Student Achievement & Performance

3. To get to the Special Ed-specific data, click on the arrow in the left corner

4. Below “Select Special Education”, select from the drop-down options

5. Select the X in the right corner to close the filter box and view the data
6. To navigate to a specific district, locate the “Select County/District/School” filter and select the county/district/school
7. Click on the + sign next to the county/district you are interested in to see the available districts/schools.
