Timely Tasks for State Assessments

The checklists below help guide the System Test Coordinator (STC) in ensuring tasks related to state assessments are completed in a timely manner.

MontCAS (Montana Comprehensive Assessment System)

This section pertains to general and test security tasks under the umbrella of the MontCAS program not specific to any one of the state assessments.

- ✓ **STCs should be prepared to have statewide assessment preparations in place much earlier than normal for the 2024-2025 school year. The first statewide assessment window will open on October 14, 2024.**
- ✓ New STCs should contact the OPI Assessment Unit to ensure proper access to assessment portals. Confirmation from the district's Authorized Representative will be required prior to providing access to assessment portals. Contact the OPI Assessment Unit at OPIAssessmentHelpDesk@mt.gov or 844.867.2569 for assistance.
- ✓ STCs review the [MontCAS Test Security Collection Schedule](#) and plan accordingly for the district.
- ✓ STCs ensure the district's five testing plans are in place for the 2024-2025 school year. **Deadline: October 10, 2024.**
- ✓ STCs complete BOTH test security screens in the [MontCAS Application](#). **Deadline: October 10, 2024.**

Timely Task Resources

Smarter Balanced Assessment (SBA)

The SBA was the general math and reading/language arts assessment for academic achievement reporting in Grades 3 through 8 for the final year of 2023-2024.

The Smarter Balanced Assessment will no longer be administered to Montana students in Grades 3-8 as of the 2024-2025 school year. The required ELA and math content areas will be assessed with the new Montana Aligned to Standards Through-Year Assessment (MAST). See MAST information in this bulletin (next section).

- ✓ Download Individual Student Reports (ISRs) from the Montana Testing Portal Reporting Tile and ensure they are provided to families alongside the Parent Score Report letter no later than Fall Parent-Teacher Conferences.
- ✓ Ensure that ISRs are placed in student cumulative files.

Timely Task Resources

Accessing Score Reports Focused Support Video	This 5-minute Focused Support Video will walk users through how to access the Spring 2023 Smarter Balanced Individual Score Reports.
Reporting System	Individual Student Reports (ISRs) can be downloaded from the Reporting System, located in the Montana Testing Portal.
Reporting System User Guide	This user guide provides instructions and support for users viewing student assessment performance reports in the Reporting System.
Parent Score Report Letter	Schools/Districts are required to share with parents how to understand score reports. This letter template can be edited by schools/districts and delivered to families alongside the ISR to meet this requirement.

Montana Aligned to Standards Through-Year (MAST) Assessment

The MAST Assessment is the general math and reading/language arts assessment for academic achievement reporting in Grades 3 through 8.

- ✓ Schedule MAST Math Testlets using the MasteryGuide Assessment Scheduler. Districts and schools will have the flexibility to align their MAST **math** testlets with the district's unique scope and sequence. **Deadline: September 20, 2024.**
- ✓ Prepare student testing devices: Install guides will be available in early August and can be found on the [MAST Portal](#).
- ✓ Create user accounts within the Kite Platform: The District Test Coordinator (DTC) role in the Kite Educator Portal has access to create user accounts. District Authorized Representatives (ARs) and System Test Coordinators (STCs) have been given the (DTC) role.
- ✓ Roster students to teachers: Districts must roster students to teachers for test administration. **Deadline: September 30, 2024.**
- ✓ Enter Student PNPs (accommodations): Districts must enter student PNPs within the Kite Educator Portal prior to test administration. **Deadline: September 30, 2024.**
- ✓ Attend one or more MAST Professional Learning Opportunities. Dates, times, and Zoom links are included in the [MAST Training schedule](#).

MAST Timely Task Resources

Montana Science Assessment (MSA)

The MSA is the general science assessment for academic achievement reporting in Grades 5 and 8.

- ✓ Download Individual Student Reports (ISRs) from the Montana Testing Portal Reporting Tile and ensure they are provided to families alongside the Parent Score Report letter no later than Fall Parent-Teacher Conferences.
- ✓ Ensure that ISRs are placed in student cumulative files.
- ✓ STCs create users in the Montana Testing Portal starting September 23, 2024.

MSA Timely Task Resources

ACCESS for ELLs Assessment (ACCESS)

The ACCESS is the English Language Proficiency assessment for academic achievement reporting for English Learners (ELs) in Grades K through 12.

- ✓ Download Individual Student Reports (ISRs) from [WIDA AMS](#) and ensure they are provided to families alongside the Parent Score Report letter no later than Fall Parent-Teacher Conferences.
- ✓ Ensure that ISRs are placed in student cumulative files.
- ✓ Alternate ACCESS for ELLs score reports will be available in WIDA AMS on September 12, 2024, and printed reports will arrive at districts by the end of September 2024.
- ✓ Exit students who attained a composite score of 4.7 or higher from AIM/Infinite Campus.
- ✓ Ensure the district is aware of updates and enhancements to the WIDA AMS.

ACCESS for ELLs Timely Task Resources

Access ACCESS for ELLs Individual Score Reports	This 4-minute Focused Support Video will walk users through how to access the Individual Score Reports for the ACCESS for ELLs from school year 2023-2024.
Parent Score Report Letter	Schools/Districts are required to share with parents how to understand score reports. This letter template can be edited by schools/districts and delivered to families alongside the ISR to meet this requirement.

National Assessment of Educational Progress (NAEP)

The NAEP assessment is administered *ONLY* in selected schools to students in mathematics and reading in Grades 4, 8, and 12. Participation is required under the Every Student Succeeds Act for any district receiving Title 1 funding.

[National Assessment of Educational Progress](#) (NAEP) is a congressionally mandated program administered by the [National Center for Education Statistics](#) (NCES) within the U.S. Department of Education. The [National Assessment Governing Board](#) (NAGB) oversees and sets policy for NAEP.

From October 7, 2024 to May 23, 2025, NAEP will administer two operational assessments: long-term trend (LTT) and main NAEP. The LTT program is a paper-based assessment for ages 9, 13, and 17 in mathematics and reading with three separate windows. Main NAEP is a digitally based assessment for grades 4, 8, and 12 in mathematics and reading from January to March. NAEP Representatives will provide significant support to schools by bringing necessary supplies and administering the assessment. NAEP-selected district authorized representatives and testing coordinators have been notified via email of their selection.

- ✓ LTT School Coordinator: Tasks 1 & 2: AMS Registration and Provide School Characteristics. **Deadline: Wednesday, September 18th**
- ✓ LTT School Coordinator: Task 3: Submit Student List (Age 13 Only). **Deadline: Wednesday, September 18th**
- ✓ LTT School Coordinator: Communicate scheduled assessment date conflicts. **Deadline: Wednesday, September 18th**

NAEP Timely Task Resources:

Assessment Updates

****STCs Prepare for Earlier Test Security Documentation for the 2024-2025 School Year****

STCs are required to assure the district's adherence to proper test security protocols prior to the first statewide assessment being administered in their district. With the first statewide testing window opening in October 2024 for the 2024-2025 school year, **STCs will need to plan to complete district Testing Plans and ensure test security via the MontCAS Application prior to October 14, 2024.**

****Note the updated home page of the Statewide Testing website****

Based on feedback from the field, the OPI Assessment Unit is providing an STC Checklist on the [homepage of the Statewide Testing website](#). The checklist is updated weekly to include all tasks districts and schools should be completing.

****ACCESS for ELLs Update****

The process for retrieving Individual Score Reports has changed. See the ACCESS for ELLs section of this bulletin for a guiding document. WIDA AMS has undergone an update. Watch for changes!

****ELA and Mathematics Update****

MAST will operationalize as the state general population math and ELA assessment for Grades 3-8 in School Year 2024-2025. The Smarter Balanced Assessment is no longer administered as part of the MontCAS Suite of assessments in Montana.

****Montana Science Assessment Item Writing Opportunity****

The MSA Item Writing is an opportunity for educators to write phenomenon-based items for standards based items for potential use in Montana's item pool. This will be a virtual meeting held on October 8 and 9, 2024 from 8:00 a.m. to 4:00 p.m. Attendees will receive a \$200.00 stipend. [Apply by September 20, 2024](#). Questions? Reach out to Erin de Graw, erin.degraw@mt.gov, or 406.444.0748.

Training Opportunities

Training Opportunities for the 2023-2024 school year are included below. System Test Coordinators can place these on calendars to save the date and bookmark support webpages.

OPI Assessment Focused Support Videos Series

Beginning this 2024-2025 school year, the OPI Assessment Unit is introducing a series of Focused Support Videos. These short videos are posted on the [Stay Informed & Find Support](#) page of the [Statewide Assessment webpages](#). Most of the videos are under 10 minutes and will provide support for all statewide assessments.

Watch for videos to be added throughout the school year as we progress through the before, during, and after testing phases.

If you are looking for support and don't see it in the assessment program accordions, reach out to the [OPI Assessment Help Desk](#) (or 844.867.2569) for further assistance.

STC Workshop Series

The OPI Assessment Unit is in the planning stages for the fourth annual STC Workshop Series. The series will include 12 sessions over three days in October 2024: October 3, October 10, and October 24. The workshop will provide each Montana school district System Test Coordinator (STC) with the opportunity to learn the "how-to's" for assessment related responsibilities, including one day of sessions devoted to the new MAST assessment.

Watch the Professional Development tab on the [OPI Assessment Unit's Stay Informed page](#) for registration information coming soon.

OPI Assessment Unit Office Hours

During the 2024-2025 school year, the OPI Assessment Unit will be available for open office hours. There is no registration required for these virtual assistance opportunities and OPI Assessment Specialists can provide support for statewide assessments, testing portals, test security, and testing plans.

Federal and State Requirements

What are the requirements for accountability this year ESEA-ESSA Section 1111(c)?

- All accountability and school identification requirements are in effect.
- Data from this year’s state assessments will be used within the OPI’s accountability process for annual meaningful differentiation of schools.
- **Participant** = must have **(1)** a valid score and be **(2)** assigned a proficiency level (see 34 CFR 200.2(a)(b)(1)(i)). All students, including students with disabilities are required by state and federal law to take part in the OPI’s state assessments with or without accommodations. All students are expected to take part in state assessments in one of three ways:
 - Participate in the general education assessments without accommodations.
 - Participate in the general education assessments with accommodations.
 - Participate in [Alternate Assessments](#) when the participation criteria are met.
- To see a list of schools who were previously identified for targeted and comprehensive status, visit the [OPI’s ESSA Information and Documents Page](#). The federal accountability process for school identification using the 2021-2022 state assessment data is planned to commence this Fall.

What are the requirements for reporting this year ESEA-ESSA Section 1111(h)?

- Any instances where it was unsafe for a student to participate in the state assessment for medical reasons must be reported to the OPI using the “Medical Exemption” policy as defined within the [MontCAS Policies and Procedures for Participation in State Assessments](#).

What does participation and non-participation mean for state assessments?

Participation is necessary to ensure the data are representative and reflective of the population. When participation rates fall below the state and federal requirements, bias can be introduced into the student knowledge, skill, and ability estimates, thus reducing the overall confidence we have in the data and ultimately interfering with the inferences that can be made about student achievement.

- In Montana, there is no “opt out” law, and both state law and accreditation rules require all students in public and accredited non-public schools to participate in state testing.
- The OPI recognizes there are circumstances beyond the control of the school that may result in non-participation. In those rare cases, the district must report the reason for non-participation to the OPI using the [MontCAS Application](#).
- The figure on participation below is used to show how the calculation is made for participation rates for a school which is displayed on the [Montana ESSA Report Card](#) and within the accountability differentiation process.
 - Per the OPI’s policies and federal reporting, only students with “medical exemptions” can be removed from the denominator, meaning all other instances of non-participation (or absence) impact the school’s participation rate.
 - The state factors the requirement for 95 percent student participation in mathematics and reading/language arts assessments into the statewide accountability system. Students who meet participation requirements and who do not test are assigned a score of “Novice” and designated as a non-participant for accountability

purposes (see [ESSA State Plan](#), [MontCAS Policies and Procedures for Participation in State Assessments](#), and [Six Things Stakeholders Should Know about Participation and Testing in Montana](#)).

Eligible Student Population = All students enrolled during the testing window whether or not they were present for the full academic year except students who did not participate in the assessments due to significant medical emergencies (34 CFR 200.2(a)(b)(1)(i)).

Non-Participant = Did not participate. This is a student who was expected to test but did not for whatever reason and their non-participation status will count negatively against the school's participation rate (e.g., parent refusal).

Reporting Requirement: Montana school districts are required to provide parents/guardians with individual student reports in a timely manner. To understand and address the specific academic needs of students, it is required under state and federal law to provide individual student interpretive, descriptive, and diagnostic reports regarding achievement. This allows families, teachers, and other school leaders to address individual student needs regarding student proficiency and progress as soon as is practicable after the assessment is given. Family resources and sample letters can be found on the [Parent Corner page](#)

Federal Requirement: provide timely individual student reports to parents, teachers, and principals and include the results on local report cards ([ESSA Section 1111](#)).

State Requirement: statewide assessment public results must include a clear statement of the purpose, subject areas assessed, description of proficiency levels, and the percentage of students who participated in the assessments ([ARM 10.56.105\(2\)](#) and [§20-7-104, MCA](#)). School districts must also place individual student reports in the student's cumulative file per [ARM 10.55.909](#).

OPI's Recommended Roles and Responsibilities

Authorized Representative Role:	The individual designated to comply and/or enforce activities in connection with federal legal requirements (see 34 CFR §99.3). Authorized Representatives appoint STCs as the single point of contact for all assessment-related matters and testing alerts within the school system. <ul style="list-style-type: none"> Authorized Representatives must confirm STC designation within Infinite Campus each year. Check the OPI AIM Unit webpage for data collection deadlines and guidance.
System Test Coordinator Role:	This role serves as the data steward for managing local users within the restricted web-based TDS portals used to deliver each test. This role also serves as the local liaison for all standardized testing procedures (i.e., proctoring, safeguarding, securing, and reporting state test information) and ensuring staff are trained and certified to administer state assessments. <ul style="list-style-type: none"> STCs must sign the electronic test security agreement and the testing plan assurances in the MontCAS Application by the dates specified in the "MontCAS Test Security Collection Schedule".
Building Coordinator Role:	Assigned by the AR and/or STC and is typically a licensed non-instructional person such as principals, vice principals, counselors, or other staff members. This person coordinates state assessments in the school building. <ul style="list-style-type: none"> All staff with TIDE Testing Portal accounts will be required to sign an electronic TSA. All staff with WIDA accounts, ACT accounts, and MSAA accounts will also be required to sign an electronic TSA or non-disclosure agreement (NDA) to gain access to the online test administration and reporting sites.
Test Administrator Role:	This person is assigned by the STC and/or BC and is a licensed educator such as a classroom teacher. The OPI further recommends that the Test Administrator is familiar to the students, so students feel more comfortable in the testing environment. TAs follow and administer the tests in accordance with the assessment-specific Test Administration Manuals. <ul style="list-style-type: none"> All staff with TIDE Testing Portal accounts will be required to sign an electronic TSA. All staff with WIDA accounts, ACT accounts, and MSAA accounts will also be required to sign an electronic TSA or non-disclosure agreement (NDA) to gain access to the online test administration and reporting sites.

Technology Coordinator Role:	This person ensures the secure browser is installed properly to administer the online assessments via the test delivery systems and that all system setup and requirements have been completed before testing. More information about these roles can be found in the MontCAS Test Security Manual .
Staff in Supporting Roles	All staff within the district who may assist with state assessments (e.g., storing ACT materials, sending score reports home, and scribes) will sign the MontCAS Test Security Agreement for Supporting Roles . The TSA should be electronically signed prior to the opening of the state assessment test windows.

OPI Assessment Unit Mission Statement

1. **Mentor** schools through the local roles and responsibilities related to administering state assessments in compliance with federal and state law.
2. **Foster** critical partnerships with stakeholders to build strong local assessment and data practices.
3. **Measure** student participation, proficiency, and progress on state content standards over time and help monitor and address educational needs for all learners.
4. **Provide** meaningful, timely, accurate, understandable, and transparent information to the public and families on achievement indicators and to support education information processes at the local and state level.
5. **Help** the public understand performance on achievement indicators and inequities across schools, so all students have equitable opportunities to access high-quality education.
6. **Advance** teaching and learning through the implementation of balanced systems and continuous improvement processes.
7. **Offer** high-quality technical assistance and professional learning to support test administration and implementation of equitable balanced assessment systems.
8. **Pursue** excellence using the highest professional and technical standards for evidence-based practices and data-driven decision-making.
