Instructions have been provided for school staff and students to establish "Assessment Day" expectations as defined by school administration.  Performs Quality Control (QC) checks of assessment locations per the "standardized room checklist" instructions.  Materials in the room that could give an examinee an unfair advantage are covered or removed (e.g., geographic maps and periodic tables must be covered).  Room meets all other security requirements (i.e., no cameras, less than 100 examinees, Test Administrator (TA) can move freely around).  "Testing in Progress - Do Not Disturb" signs are posted on all entrances to the testing location.  Test materials are kept in a secure location as examinees enter and exit the room.  All cell phones/personal electronic devices are powered off and stored out of sight.  The room's "seating arrangement" ensures students cannot see another student's test responses and minimizes probability of "prohibited behavior".
