

2024–2025 School Year | STC Workshop Series

The purpose of the “STC Workshop Series” is to provide each Montana school district System Test Coordinator (STC) with the opportunity to learn the “how-to’s” for each of the assessment related components listed below. STC participants will leave this three-day series with content to complete the four required testing plans ([Test Administration Plan](#), [Test Accessibility Plan](#), [Test Security Plan](#), [Data Use Plan](#), and [Test Training Plan](#)) and be provided with step-by-step instructions on how to accomplish the various STC activities. The OPI Assessment Team will share some tips and tricks to accomplish these activities and invite veteran STCs to share their experience(s) as well.
