Workshops: Data-Based Decision Making 4-part series

Sara Evans, MEd, Technical Assistance Consultant in the Human Services Division, Learning Supports Program Area at American Institutes for Research (AIR). . She has designed and delivered training at the local, regional, state, and national levels to reframe how individualized education programs (IEPs) are developed and services are provided to ensure improved outcomes for students with disabilities.

Sheila Lovato, MEd, is a technical assistance consultant in the Human Services Division, Learning Supports Program Area at American Institutes for Research (AIR). Her primary responsibilities include providing technical assistance on projects related to subject matter expertise, including the effective use of data and evidence-based practices to support students, particularly a multi-tiered system of supports (MTSS) and students with disabilities.
