

Chapter 55 Meeting Minutes

Wednesday, January 26, 2022

8:00 AM – 2:00 PM

Facilitators begin meeting by reviewing the Task Force's (TF) timeline. The group votes to hold an additional in-person meeting in April. Later in the meeting the TF agrees that April 14th (10:00 am – 5:00pm) and 15th (8:00am – 2:00pm) will be the dates of the in-person meeting. Facilitators review the key deliverables of the TF and review the previous days meeting.

TF continues their discussion of ARM. The ARM reviewed during the meeting includes 10.55.902, 10.55.905, 10.55.704, 10.55.907, 10.55.709, and 10.55.801.

TF discusses the data that was presented to them yesterday. The group discusses several questions beginning with their initial thoughts, what the data tells, what they want to know more about, and why it matters. A large amount of discussion revolved around library media, staffing, the period of time data is collected, school classification size, recruitment, and pathways to becoming an educator.

TF reviews the article "[An Analysis of School Quality and Accountability Rules in Montana](#)." Facilitators explain the 4A Protocol. Each TF member explains their 4A protocol to the group (Assumptions, Agree, Argue, and Aspire).

Facilitators explain a prioritization activity. TF members take time to review ARM and come back to the group with the results of their time.

Facilitators wrap up the meeting by describing the homework. The meeting is adjourned.
