

A rare opportunity for Montana Educators to join:

Peter Liljedahl, Ph.D.

**Professor, Faculty of Education
Simon Fraser University**

for: *Building Thinking Classrooms in Education*

Evening of March 16 or Saturday, March 17, 2023

Dr. Peter Liljedahl is a Professor of Mathematics Education in the Faculty of Education and an associate member in the Department of Mathematics at Simon Fraser University in Vancouver, Canada.

Dr. Liljedahl has authored or co-authored 9 books, 26 book chapters, 27 journal articles, and over 50 conference papers. Dr. Liljedahl is the recent recipient of the Cmolik Prize for enhancement of public education in BC as well as the Margaret Sinclair memorial award for innovation and excellence in mathematics education.

Dr. Liljedahl is a former high school mathematics teacher who has kept his research interest and activities close to the classroom. His research interests are creativity, insight, and discovery in mathematics teaching and learning; the role of the affective domain on the teaching and learning of mathematics; the professional growth of mathematics teachers; mathematical problem solving; numeracy; and engaging student thinking. He consults regularly with schools, school districts, and ministries of education on issues of teaching and learning, assessment, and numeracy.
