

# MONTANA STATE UNIVERSITY-BILLINGS

## Fast Facts

### TEACHING PROGRAMS OFFERED

**13 TEACHING PROGRAMS**

## WHAT'S NEW?

### NEW COURSE OFFERINGS

- Our Reading and Learning (Special Education) clinics provide pre-service teachers the opportunity to work with K-12 students.
- The Broadfield Science program has been revised and condensed for more streamlined learning.
- Check out our Graduate Education online programs.
- Also available online is a Math minor teaching endorsement.

### PROGRAM SPOTLIGHT

- We are the only institution in Montana that offers a Reading Master's Degree program, and it is completely online.
- MSU Billings is the only public institution in Montana that offers a major in Special Education.
- Located in Montana's largest city, we provide our candidates access to diverse classroom experiences.
- Students in their junior and senior years are advised by faculty in the areas in which they will teach.

### STUDENT QUOTE

*"You will not find a program that can match the direct access to staff, professional development, and skill, as those teaching from MSUB."*

-Brandon Gann M.S., Ed., BCBA, LBA

(B.S., Double Major, Elementary Education & Special Education)

(M.S.S.Ed. Special Education Advanced Studies, Emphasis in Applied Behavior Analysis)

*"Montana State University Billings gave me what I needed to achieve my degree quickly, and I had the best help from the most fabulous professors and mentors."*

-Catherine Wetmore, English
